

Holbrook Public Schools

TRAFFIC AND PARKING CONTROLS

The Holbrook Public Schools must remain accessible to emergency vehicles at all times. Parking around schools during regular school hours and during school-sponsored activities will be the responsibility of the building principal. The Director of Properties and Maintenance, in cooperation with the police and fire departments, will establish and maintain fire lanes, designated no parking areas, and parking for handicapped persons. Building principals will be responsible for the control of the parking and traffic flow around their buildings. Each principal will establish rules for staff parking and promulgate them through staff handbooks.
