The South Shore Education Foundation: A Legacy That Continues to Impact Students

Danielle Mikula, Superintendent

A strong sense of community, camaraderie, and pride filled the room on Saturday, December 2, at the South Shore Education Foundation Fundraiser Event at the Bell Town Hall. Community and belonging is the common thread we all share. It is what builds strong schools. It helps us all to stay inspired to do all of the good we can, in all of the ways we can. It brings infinite hope for what is yet to come. As community members enjoyed small bites and merriment in support of the Foundation, they also enjoyed connection and the joy we feel when we give back to something greater than ourselves.

It is challenging for me to find adequate words to express the gratitude our school has for the South Shore Education Foundation. Since its inception, the Foundation has raised an astonishing \$500,000 in support of the school district. The founding officer and first president of the Foundation, Mervin P. Shaffer, started the Foundation in 2005 and began what is now a legacy that spans decades of support for the children of our community. Current President Kevin Kavajecz continues to lead the Foundation with dedication and unwavering Cardinal Pride.

Over the last year alone, thanks to the work of the Foundation and the generosity of individuals like all of you in our community, our students have had great opportunities. We had the St. Scholastica Steel Drum Band visit our school and share the gift of music. Our business education department has a beautiful set of new professional cameras for students to use at school events. High School choir students got to attend "The Sound of Music" at the Duluth Playhouse. We even have a talented composer and former South Shore graduate, Jacob Kavajecz, who is composing a special song for our music department with the support of the Foundation. Our high school mathematics department also has updated technology in pursuit of progressive practices and increasing math achievement. One of the most recent special donations to the Foundation is a beautiful new telescope for the school, which will include a visit from an astronomer. All of these experiences allow our students to create meaning and memories that they otherwise could not have.

Sense of community is not only central to who we are as a human species, but it is central to who we are at South Shore. You can see it in our classrooms and you could feel it in the room on the evening of the fundraiser.

(Continued from page 1)

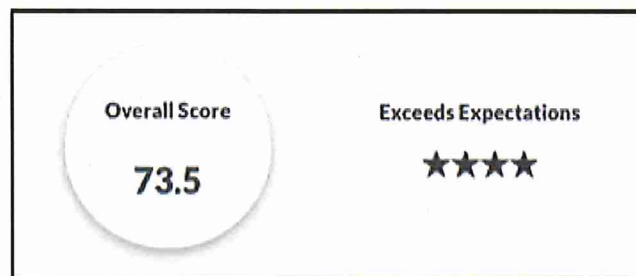

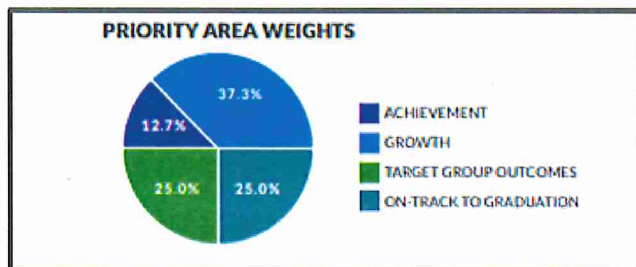

There is no greater power for change and hope than a community discovering what it loves. If one thing has become clear to me in the last 17 months as your superintendent, it is that this community loves its school. When that love is put into action, no matter how small, lives are impacted. Each of you who has donated or volunteered or cheered on the Foundation and the school district are having an active positive impact on your community and the children growing up in it. From the bottom of our hearts, we at the South Shore School District are so grateful to each of you. May you all have a peaceful holiday season, and a bright and hopeful new year.

Spotlight on Student Learning: State Report Cards

Michelle Simpson, 4K-12 Principal & Director of Curriculum & Instruction

Report cards have long been used as a means of communicating information on student progress with families. However, what may not be common knowledge is that report cards are also used to communicate the progress of schools. Beginning in 2011, the State of Wisconsin began releasing annual report cards for every public district and school in the State of Wisconsin. State report cards provide each district and school with an overall score as well as additional details about how that score was reached. State report cards for the 2022-2023 school year were made public in November, and can be found on <https://apps2.dpi.wi.gov/reportcards/>.

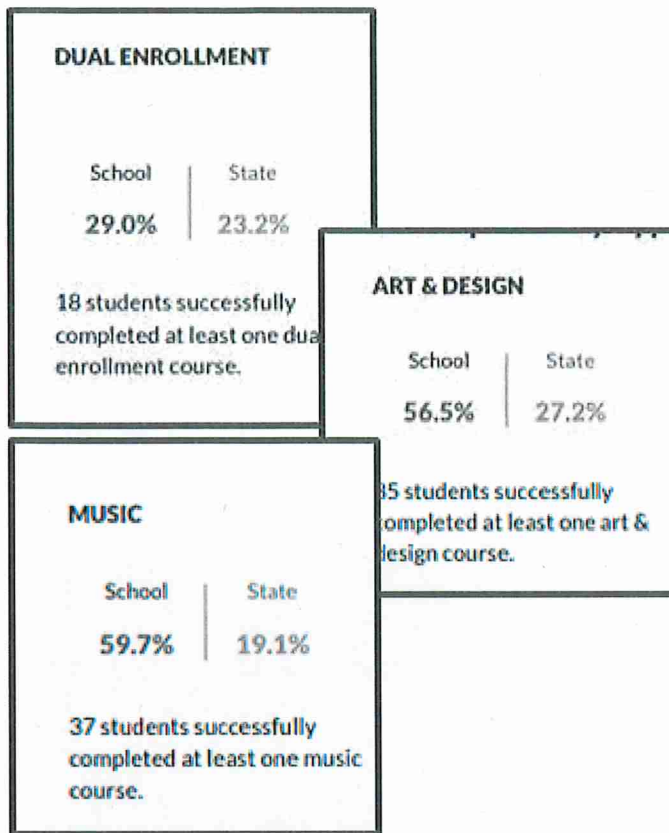

Accountability Rating

At first glance, State Report Cards appear straightforward. Schools are rated on a five point rating scale, assigned a numerical rating, and are given a description for that numerical rating. However, state report cards are much more complex than they appear. Each district's and school's score is based on four different priority scores: Achievement, Growth, Target Group Outcomes, and On-Track for Graduation. However, the weight of achievement and growth scores on a report card differ from district to district, as it is based on the percentage of students who are economically disadvantaged. At South Shore, growth scores are a higher percentage of the district's final score.

This year, the South Shore School District exceeded expectations on its State Report Card, with a score of 73.5. The elementary school exceeded expectations with a score of 81.5, and the Jr-Sr High met expectations with a score of 68.6. It is important to recognize that this score is based on three years of data, and this is the first year that report cards do not include any data from before the start of the COVID-19 Pandemic. Because of this, many districts, including South Shore, saw a decrease in their overall score.

Accountability Rating Category	Accountability Score Range	
	Minimum	Maximum
Significantly Exceeds Expectations - ★★★★★	83	100
Exceeds Expectations - ★★★★☆	70	82.9
Meets Expectations - ★★★☆☆	58	69.9
Meets Few Expectations - ★★☆☆☆	48	57.9
Fails to Meet Expectations - ★☆☆☆☆	0	47.9

ELKS LODGE DONATES DICTIONARIES TO 3RD GRADERS

We are grateful to the Ashland Elks Lodge 350 for supporting our students' learning at South Shore Elementary. Students were very excited to receive them. They quickly put to use their dictionaries in class during our weekly vocabulary practice. They are also building the practice to use context clues to determine an unknown word in a text and then verifying it with a dictionary. They are eager to take them home!

South Shore Students Show Respect and Appreciation for Veterans

by Danielle Mikula

On Friday, November 10, 2023, the South Shore School District recognized and honored those who have honored our country with its highest form of service. Local veterans were invited in for coffee and treats while connecting and sharing stories with students. Next, students presented a special assembly for veterans with songs, speeches and music.

During the assembly, Girl Scouts Troop 4416 lead the pledge of allegiance, followed by our Cardinal Choir singing the National Anthem. Elementary students sang songs celebrating America and the high school band performed America the Beautiful. Guest speaker and veteran Diamond Gullick shared reflections from her service. South Shore 3rd grade student, Blair Bailey, shared a moving story

of how she started a lemonade stand this summer to raise money to honor a veteran with a plaque on the Across the Pond Exhibit.

In a thank you letter to the school district following the assembly, a local veteran from the American Legion Post 531 wrote,

"The warm welcome we received upon entering the school was heartwarming, as students smiled and shook our hands, showed us to tables, offered refreshments and engaged us in conversation. Songs presented by the classes were priceless, and we want to thank the music director, band, teachers and aides who obviously put in a lot of time and effort for the program. The 3rd grade student's speech showed us the consideration and kindness of our young people. The Veterans Day

program presented by the district allowed us to once again recall past experiences and memories of the times we spent serving our country and the importance of protecting the freedoms we enjoy as Americans."

Teaching our students respect and appreciation for those who have served America is just as important to our future as teaching math and reading. Our gratitude at a district is not only for what our veterans did on duty serving our country, but for the example they continue to set in our community. On behalf of our students, staff and administration: Thank you to all veterans for your incredible sacrifice and service.

On Saturday, December 9, the senior music students traveled to the Duluth Playhouse to see *The Sound of Music* live. The cast were incredible, and the setting beautiful. We all agree that the littlest Von Trapp Gretl was the show stopper!

Experiences of this nature bring a new perspective for each of us. We are thankful to the South Shore Education Foundation for sponsoring this experience!

South Shore Scholars

After-School Enrichment Program

What: South Shore Scholars is an after school enrichment program designed to ignite learning, skill development and connections for students in grades Kindergarten and up. Our program incorporates evidence-based interventions, games and outdoor activities to enrich the development of each Cardinal. Program activities are designed by a licensed teacher and facilitated by teachers, program staff and paid student workers. We aim to add cool activities based on interests and needs such as robotics, STEM, and more!

When: Programming is offered from 3:15-5:00pm Monday through Thursdays when school is in session per the South Shore School District calendar for the 2023-24 school year.

Enrollment Information: Participation in South Shore Scholars is available for grades K and up and will be based on a first come, first served basis as space is limited. In order to ensure proper staffing, snacks and supplies, **parents must sign up students ahead of time.** Parents must reserve a spot 24 hours in advance for drop-in care. Fees must be paid in advance in order for a child to attend.

Programming Fees*	
4 days per week	\$25
3 days per week	\$20
2 days per week	\$15
Drop in Care	\$10
*Families who qualify for free and reduced lunch may qualify for a free or reduced rate for South Shore Scholars. Please inquire with Diana Reijo if you would like to see if you qualify: dreijo@sshore.k12.wi.us	

- A snack will be provided daily.
- Students must have proper outdoor apparel as activities will include time outside.
- In order to participate in South Shore Scholars, students must demonstrate the ability to follow directions and rules of the program, including behavior expectations
- Transportation is available via the after school activity bus at no additional cost. Bus privileges are dependent on student behavior and ability to meet expectations.
