Dungeons and Dragons

Interview

BY: AZKA AMIR AND EMILY FRAZIER

Interview with Lucas:

Q1: "I'm here with Lucas, who is the creator and founder of the Dungeons and Dragons (D&D) club. What inspired you to create the Dungeons & Dragons club? "

A1: "Well, I learned about D&D when I was little, and I liked it a lot. Every school I went to has a D&D club there already. So, I thought, why not start one here."

Q2: "What would you describe the Dungeons & Dragons community as?"

A2: "Pretty nice. If someone is mean, no one would play with them, so it's a pretty nice community, honestly."

Q3: "Do you think that the Dungeons & Dragons club brings people together as a community?"

A3: "Yes, yes I do."

Q4: "CAN YOU GIVE US A QUICK OVERVIEW ABOUT THE CLUB?"

A4: "THE PLAYERS CREATE CHARACTERS TO USE IN CAMPAIGNS, AND THE D.M. (DUNGEON MASTER) CREATES A STORY TO TRY TO MAKE IT FUN FOR THE PLAYERS."

Interview with Mr. Derickson

Q1: WHAT MADE YOU WANT TO BE THE SUPERVISOR FOR THIS CLUB?

A1: Well that's a great question. This year, there were so many students who were really excited about it [the D&D club], so really it was like, this club is going to happen, they just needed somebody for it. I think a lot of other teachers knew that I play Dungeons & Dragons, and they thought it was a good fit.

Q2: So, you said you played D&D, can you tell us a little bit about that?

A2: Yeah! I got into it because I watched Stranger Things, and I thought it was really fun. It was pretty great and then my friend, at the time, said that he would be our DM [Dungeon & Master] for us, we started playing, and we really liked it. So, part of it is D&D was just telling stories and I think stories are so fun and even just people walking by can talk about it. They're so fun and like, having a game where you can tell a story together with your friends is really exciting.

Decorations are a great way to brighten up your room for any occasion. Decorating during the fall and Halloween is special and will look amazing. Here are five fun ideas for Halloween and autumn decorations!

1. Pumpkin Carvings

First is a popular decoration called the expressive pumpkin. They are a creative way to add expression to a room and feel festive at the same time. They have many different expressions and add a pop of color to a room. These have gained popularity recently, being in many homes.

2. Leaf Garlands

Leaf garlands are a nice touch to spice up your walls with a splash of color. Pair them with an autumn leaf wreath on your door to have a nice way to welcome people into your house.

3. Mushroom Pillows

Mushrooms are a signature fall icon and are a great way to show your love of mushrooms. Put this on a sofa or chair to add to your fall decor. This is why mushroom pillows are a great way to show your fall love without putting possibly poisonous plants in your home.

4. Pumpkins

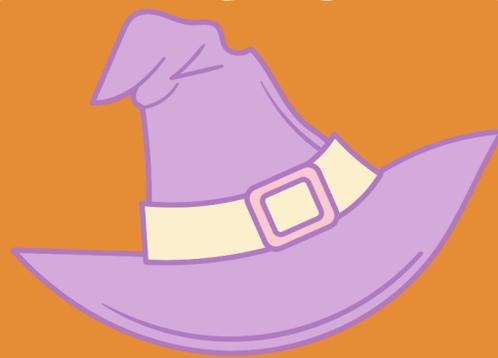

Pumpkins are the most iconic and traditional fall/Halloween decorations. Along with that, you can also use them to make jack-o lanterns, which are fun to light up for Halloween, and if you buy them later in the season, you can make pumpkin pie for Thanksgiving!

However, if you don't want a real pumpkin in your home, there are plenty of fake pumpkins to choose from. From plush pumpkins, with fun expressive colors and a soft outer coat, to faux jack-o-lanterns, and even expressive pumpkins, which have fun faces on them. (See section one for more information.) There are also so many different colors that you can choose from. You can even make cardboard pumpkins, which are a fun and cute way to decorate for fall.

5. Candles

Scented, fake, or colorful; candles are a great way to make your area seem more homey and even spooky. Scented candles are an efficient way to have a calming scent in your area. If you don't want to risk getting dripped wax on your carpets or furniture (or even burning down your house), you can use fake candles which give the same effect but are less maintenance. Different colored candles can make your collection more interesting.

Happy Decorating!
