Centennial Elementary School's Parent Teacher Organization is sponsoring a trunk or treat event for the school's families on October 27. Students dressed up in their costumes will acquire their confections of choice, in a safe and controlled atmosphere, as they make their way from car-to-car around the school's parking lot loop.

A festive atmosphere will be created for the event as vehicles will be decorated. Volunteer families will bring their cars already decorated or make them available to be decorated. Candy for dispersal has been donated by the school's families leading up to the event.

After their candy collection receptacles are filled to the brim, families can head inside the gym to enjoy pizza and bingo.
