Fargo Public School District #1

EAGLES SECOND GRADERS TO PLAY MATH GAMES WITH TOUCHMARK RESIDENTS

Learning math takes time and practice. And Eagles Elementary School's second graders are about to get help from some individuals who have had plenty of time to practice.

- WHAT:** Second Grade Math Games at Touchmark
WHEN: **Friday, October 14 from 1-2 p.m.**
WHERE: Touchmark at Harwood Groves, 1200 Harwood Drive South, Fargo
CONTACT: **Kimmy Milligan**, Eagles Elementary School Assistant Principal,
milligk@fargo.k12.nd.us or 701.446.3960 for more information.

The 47 Eagles Elementary School second graders will visit Touchmark at Harwood Groves to practice their math skills by playing their favorite math games with the senior residents. Touchmark is Eagles' Adopt-a-School Program partner.

The students in Ms. McNutt's, Ms. Anderson's, and Ms. Graff's classes will spend an hour bonding with and learning from members of the older generation. The math games are part of the second-grade curriculum and help the students to build on the math skills they are working on in the classroom.

The Adopt-A-School program matches individual schools with area businesses, services clubs, colleges, universities, and other organizations. These partnerships bring business employees and community members into schools to assist with reading programs, tutoring, career awareness, special events, mentoring, extra-curricular clubs, community service projects, field trips and other activities.
