The Red River ZOOMobile is visiting the three Lincoln Elementary School third grade classrooms on Monday, February 13 from 8:45-10:35 a.m. A representative from the Red River Zoo will bring several animals into the classroom and give the students an up-close look and information about the animals. The presentation will last about 30 minutes per classroom.

The animals are chosen the day of the presentation based on which ones seem up for the trip.

As part of the presentation, the students will learn a number of facts about each animal including what it eats, who their predators are, where they live, the lifespan of the animal, how old that specific animal is, and other fun facts. Students are encouraged to ask questions.

Each student will get a close and personal look at each animal as they are brought around the classroom at the end of the presentation, as long as the animals are willing to participate.

Presentation schedule:

Anderson: 8:45-9:15, Room 301
Roberson: 9:25-9:55, Room 300
Quick: 10:05-10:35, Room 302
