Memorial School Medical Emergency

We would like to recognize and commend everyone at Memorial School for their incredible response to a student medical emergency during the dress rehearsal for Theater Week at the end of the school day on Friday. The response to the child in need was immediate, professional, and compassionate, and for that we should all be proud and thankful. The students and staff worked effectively to make sure that the child was cared for while also working in unison to remain calm and cooperative, while faced with a scary situation. We are very pleased to report that the student was released from the hospital and is on the road to recovery.

Maywood Schools' Fall Food Drive

The Maywood School Districts' Fall Food Drive began on October 2nd and runs through Thanksgiving. Everyone's generous support in the past has enabled us to help multiple families in our community.

Students may bring donations into their homeroom teacher, or donations can be delivered to the main office at either school. Members of the general public may also drop items off at the MAS or MEM main offices during school hours.

Please refer to the flier below for a list of much needed items.

Thank you for your continued support!

Memorial School Directory

We invite you to join the Memorial School Directory. We are compiling a list of parents who opt in to sharing their email address and phone numbers with the Memorial School community. The directory will help parents connect with one another to do things such as schedule play dates, send birthday invites, or maybe just to grab a cup of coffee with one another!

Please fill out the form below if you would like to be a part of the Memorial School Directory.

What a week! Many thanks to the over 75 students who took part in this incredible program. Also, many thanks to the Memorial staff and PTO for providing this opportunity for the kids. FDU Men's Hoops Connects with Maywood

The FDU Men's basketball program reached out to the Maywood Schools to work on a partnership that will have their student athletes visit our schools as a part of their program's community service and educational outreach program. Members of the team will come to our schools to visit our students, read with them, and work on team building skills with them. We thank the team, head coach Jack Castleberry, and director of operations, Nick Battle, for thinking of us. More info will be shared as the program develops.
