

Instructions for Completing the High School & Beyond Plan

All components of the HSBP are required for high school graduation by the State of Washington Office of Superintendent of Public Instruction

What is the High School & Beyond Plan?

- The High School & Beyond Plan revolves around three questions:
 - Who am I?
 - What can I become?
 - How do I become that?
- **It is a State of Washington graduation requirement**, designed to help students get the most out of high school and think about their future.
- Students work with school counselors and advisors to create their own individual plan and postsecondary goals
- Postsecondary aspirations may include four-year colleges or universities, two-year community or technical colleges, apprenticeship programs, industry standard certificate programs, military training, or on-the-job training.

What is the Career Interest Profiler?

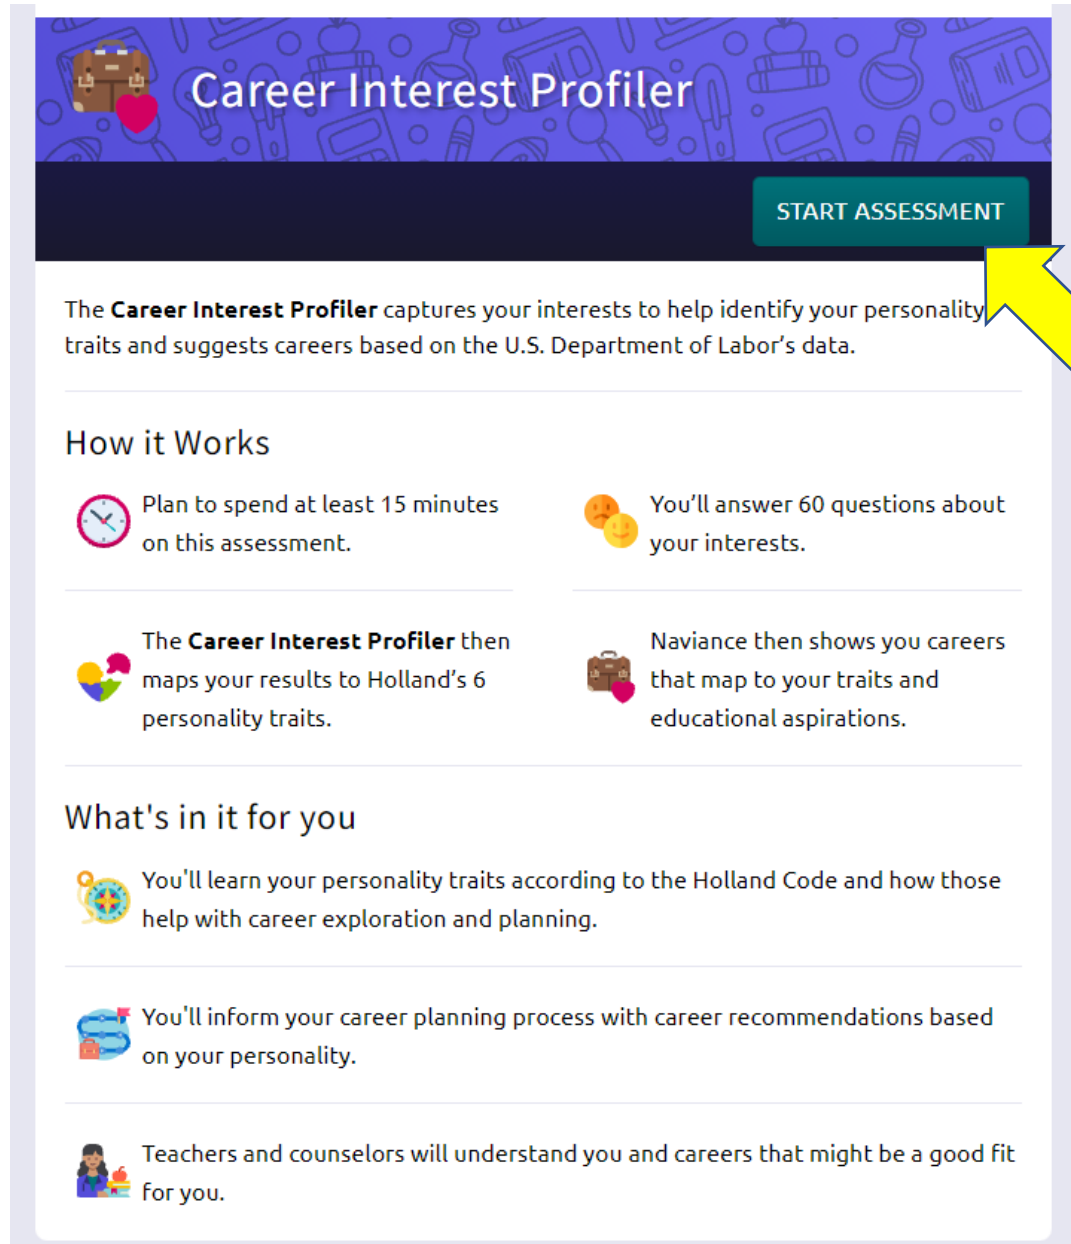

The Career Interest Profiler is an online career interest assessment that allows students to complete an inventory which analyzes their own interests and pairs the results with potential career matches.

Complete the “Career Interest Profiler”

Click “Start Assessment”

* This assessment needs to be completed in one sitting and takes about 15 minutes.

Career Interest Profiler

[START ASSESSMENT](#)

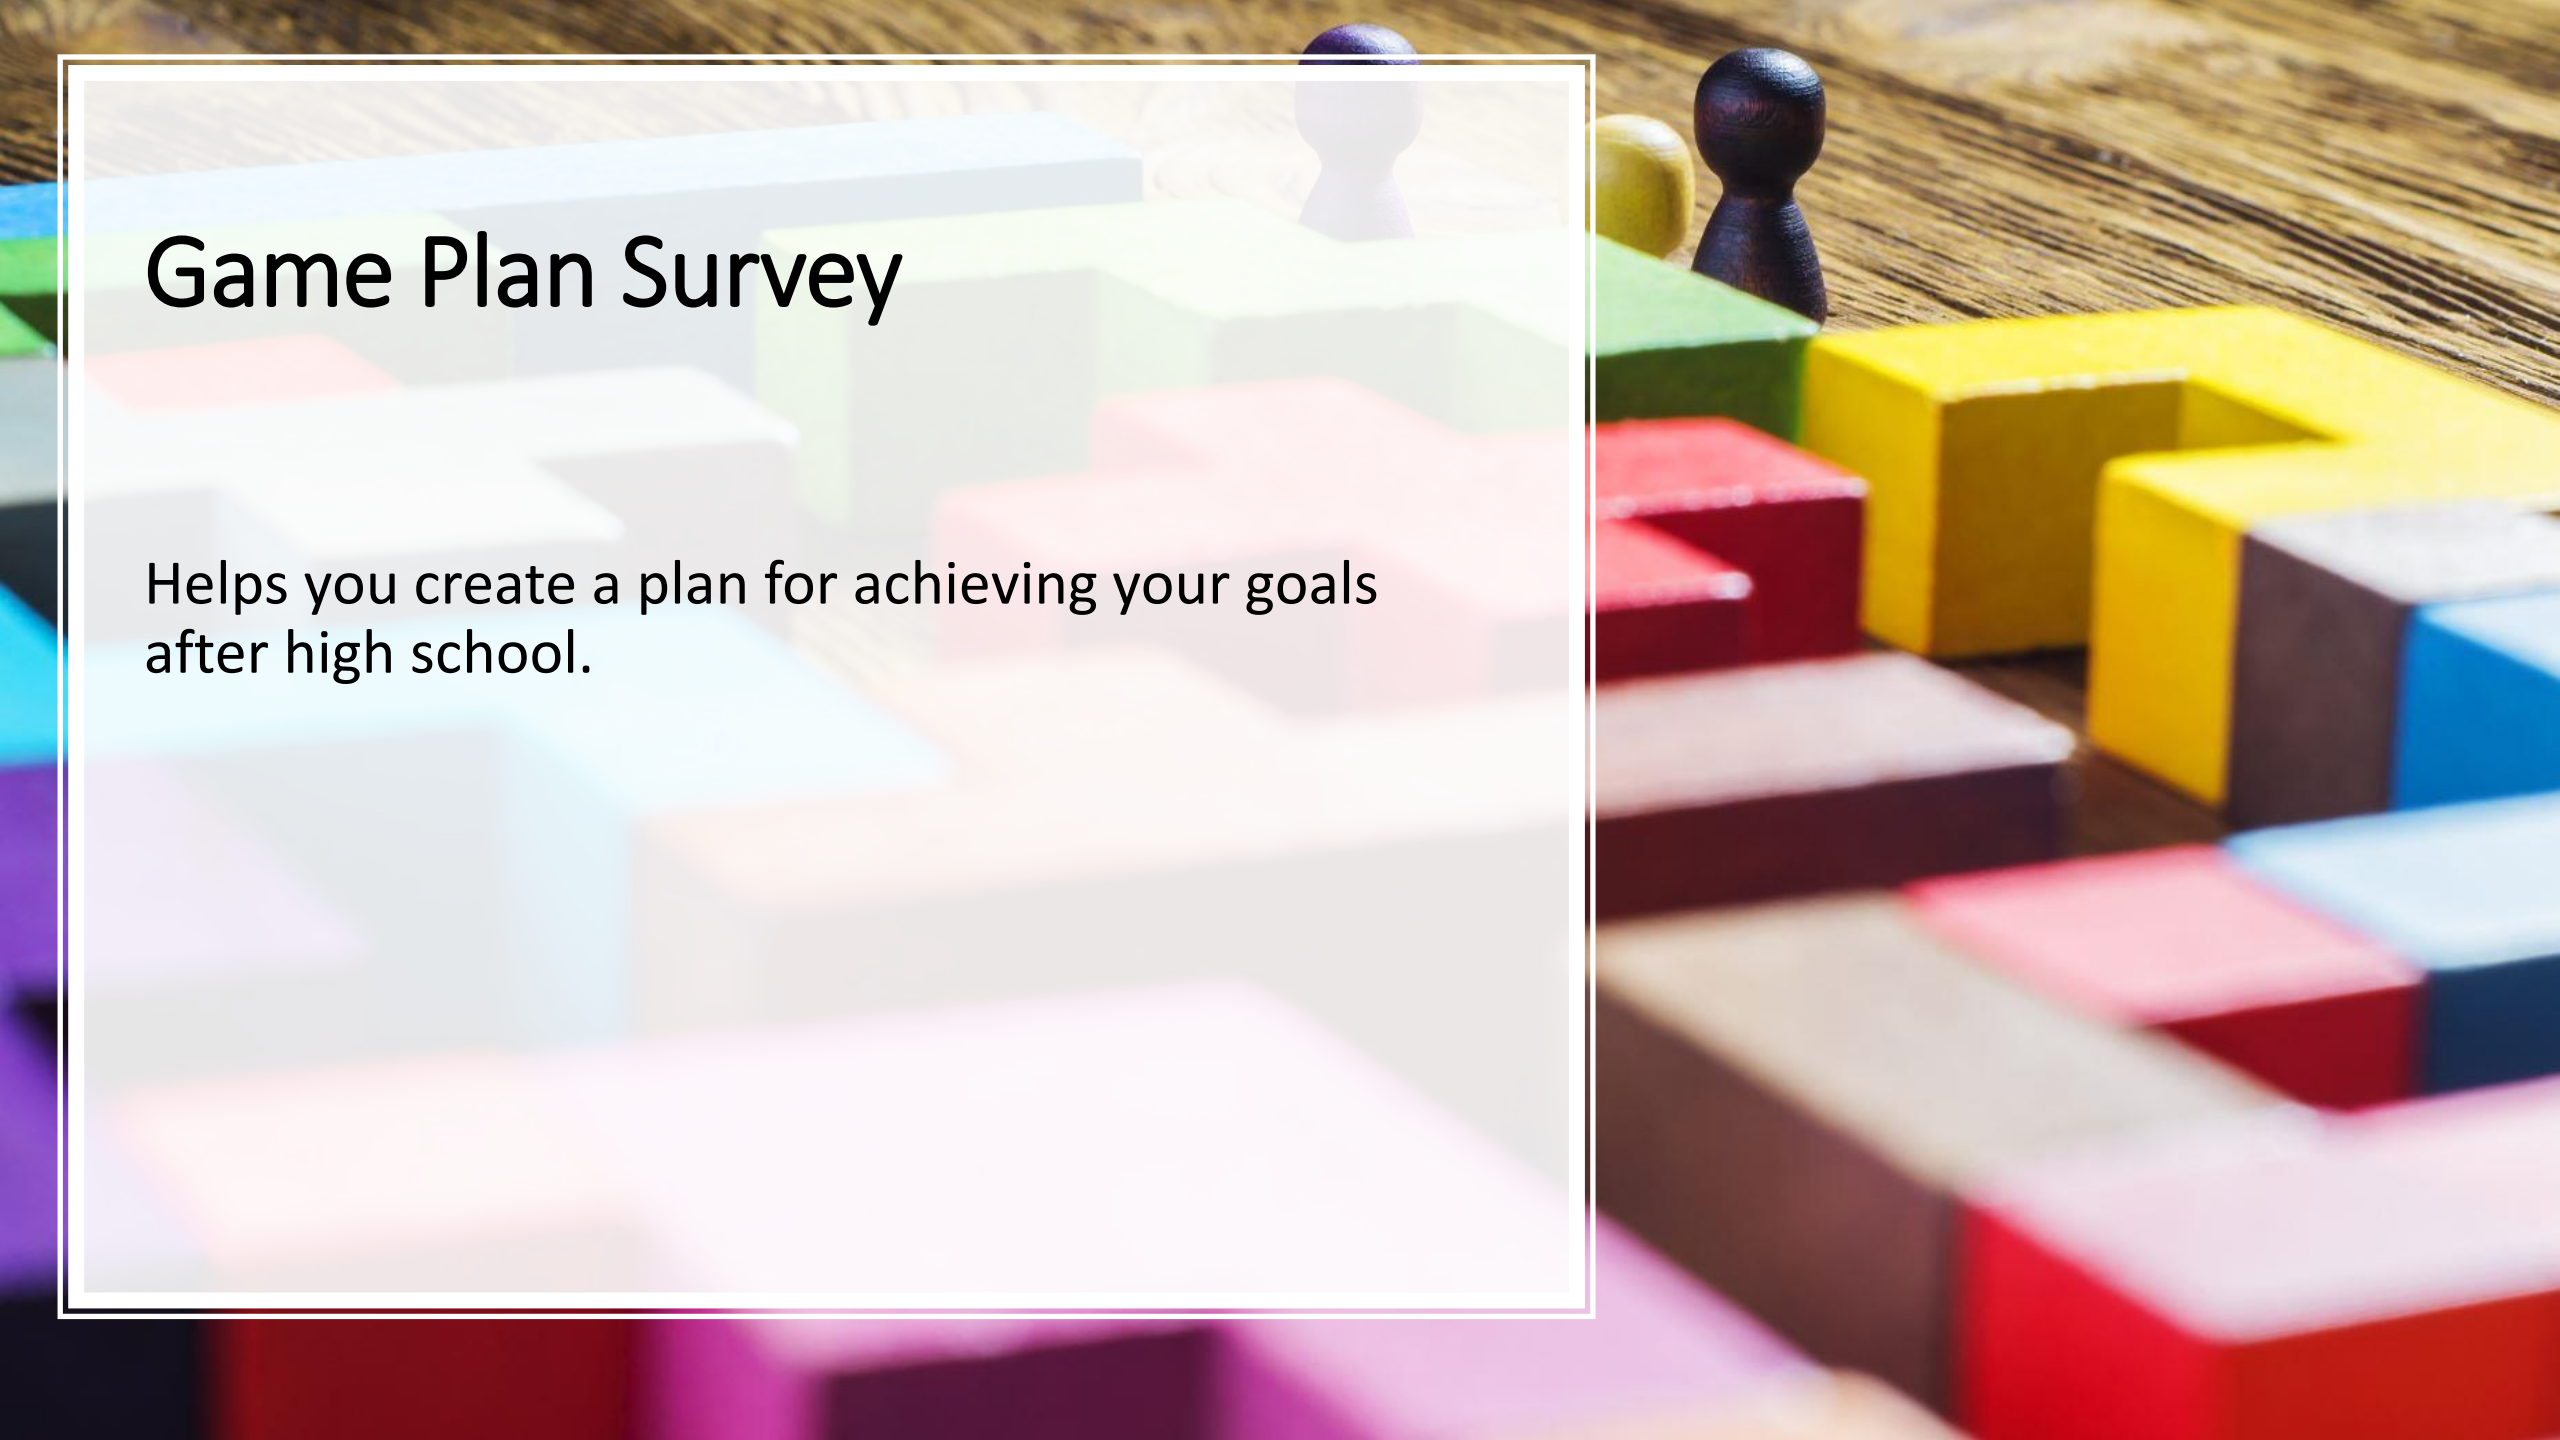

The **Career Interest Profiler** captures your interests to help identify your personality traits and suggests careers based on the U.S. Department of Labor’s data.

How it Works

-  Plan to spend at least 15 minutes on this assessment.
-  You’ll answer 60 questions about your interests.
-  The **Career Interest Profiler** then maps your results to Holland’s 6 personality traits.
-  Naviance then shows you careers that map to your traits and educational aspirations.

What's in it for you

-  You’ll learn your personality traits according to the Holland Code and how those help with career exploration and planning.
-  You’ll inform your career planning process with career recommendations based on your personality.
-  Teachers and counselors will understand you and careers that might be a good fit for you.

What is the Graduation Pathway Survey?

Graduation Pathways Class of 2020-21

- Completing the Graduation Pathway Survey shows that you are aware of the different ways you can meet the Washington State Math and English Language Arts Assessment Requirements.
- There are multiple pathways for meeting the Math and ELA assessment requirements. Most students will meet more than one!

* 1.

Students must complete at least one Graduation Pathway that will help prepare you for the post-high school option you plan to pursue.
pathway(s) you meet.

ACT and/or SAT

Type your score (ACT and/or SAT) and date of completion.

[You may combine different ELA (E) and math (M) options.]

☐ THIS IS MY GRADUATION PATHWAY.

☐ This is not my graduation pathway.

☐ SAT Math Score

☐ SAT ELA Score

☐ ACT Math Score

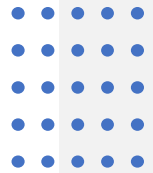

☐ ACT ELA Score

 Please provide at least 1 answers.

Graduation Pathway Survey

- Determine which pathway you used, or will use, to meet the graduation pathway. Choose “This is my pathway” for that one option.
- Other pathways should be marked “This is not my pathway”.
- If you don’t have the scores or information you need, mark ‘Save and Come Back’. If you have fully completed the survey, mark ‘Save and Finish’.

** Ask your counselor to help with this information if you don’t know.

The Financial Aid Options Survey

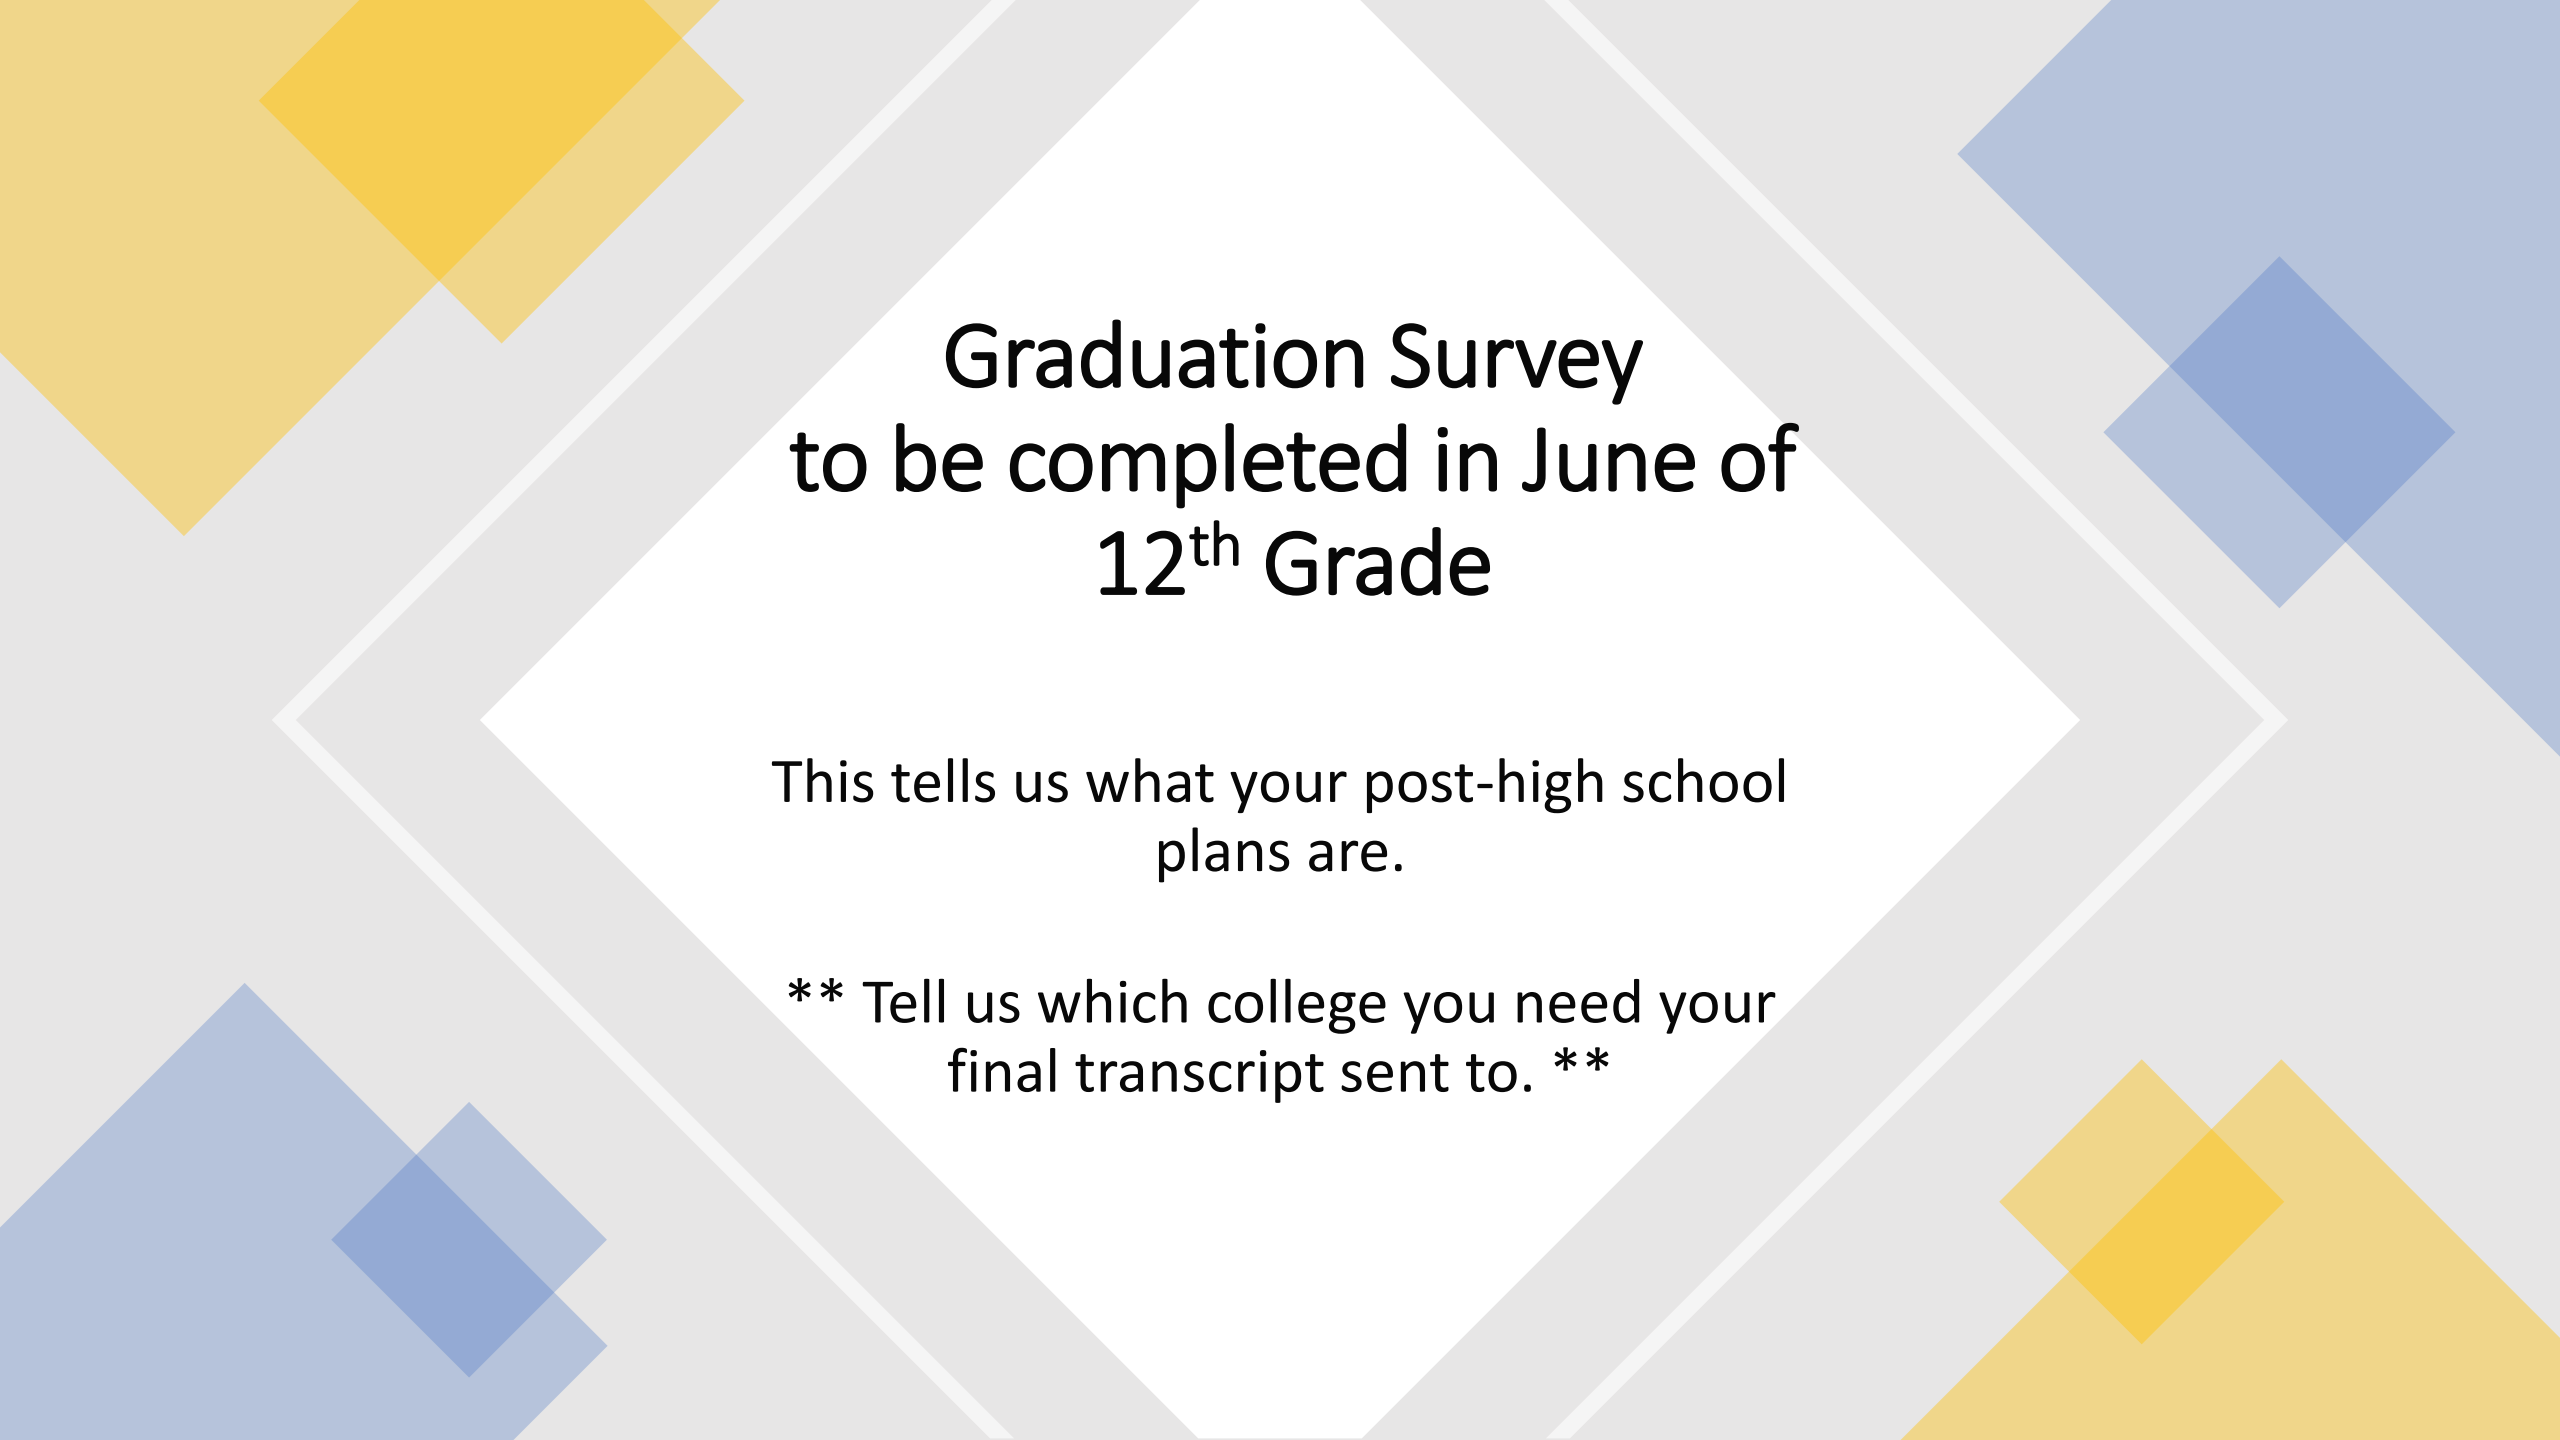

to be completed in 12th grade

Ensures you have the information you need to apply for Financial Aid for college

Completing a Financial Aid Application (FAFSA) is not required
(though always recommended!)

Answer all the questions in the survey

For students not applying for financial aid, please open the document and at the end of the form, complete the question, ***“I do not plan to apply for financial aid because:”***
