

Kindergarten-Rising 1st Grade
Summer Remote Learning Opportunities

Directions: Utilize the links to access interactive tutorials or videos that will help your child practice concepts and will also introduce him/her to new concepts that will be explored in the upcoming school year. Some of the interactive tutorials are lengthy. So, you may choose to have your child view only one of those on the designated day.

Activity sheets are also available for students to practice the concepts. If you choose not to print out activity sheets, your child can draw, color and record responses on plain paper, by using the activity sheets as a guide.

Your child may also work in his/her pathway in iReady which was identified during the 2019-2020 school year. The login information is the same as what was used during the school year.

	Subject Area	Learning Target(s)	Video Mini-Lesson(s)	Learning Activities
Day 9	Reading Comprehension	<ul style="list-style-type: none">• Students will identify the relationship between illustrations and text.• Students will follow words from left to right, top to bottom and page by page.• Students will read emergent text(s) with purpose and understanding.• Students will identify story elements and include them when retelling a story.• With prompting and support, the student will ask and answer questions about key details in the text.	<u>Day 9 Book</u>	<u>Day 9 Document</u>
