

**4th Grade – Rising 5th Grade  
Summer Remote Learning Opportunities**

(Materials used are from the Ready math curriculum used by the district, which are created by Curriculum Associates, LLC.)  
(Select YouTube videos are used to supplement when needed.)

**Directions:** Utilize the links to access interactive tutorials or videos that will help your child practice concepts and will also introduce him/her to new concepts that will be explored in the upcoming school year. Some of the interactive tutorials are lengthy. So, you may choose to have your child view only one of those on the designated day.

Activity sheets are also available for students to practice the concepts. If you choose not to print out activity sheets, your child can draw, color and record responses on plain paper, by using the activity sheets as a guide.

Your child may also work in his/her pathway in iReady which was identified during the 2019-2020 school year. The login information is the same as what was used during the school year.

	Subject Area	Learning Target(s)	Video Mini-Lesson(s)	Learning Activities
Day 3	Reading Comprehension	I can predict the effects a cause has on people using signal words.	<a href="#">Lesson 3 The Garbage Barge</a>	Go to <a href="https://kahoot.it">https://kahoot.it</a> and enter game pin: 03118551
	Reading Foundational Skills	I can use suffixes to understand unknown words.	<a href="#">Day 3 Reading Foundation Lesson</a>	
	Math	View the interactive tutorial. Complete Activity Sheets 7 & 8. Complete additional activities listed on a plain sheet of paper or on the back of one of the activity sheets completed. <b>Learning Targets:</b> <ul style="list-style-type: none"> <li>• Student will...</li> <li>• understand factor pairs in multiplication. understand fact families in multiplication and division.</li> </ul>	<a href="#">Concept: Relationship of Multiplication and Division (6:34)</a>  <a href="#">Concept: Fact Families (1:15)</a>  <a href="#">Concept: Relating Multiplication to Division (Fact Families) (3:20)</a>  <a href="#">Concept: Multiplication and Division Fact Families (3:07)</a> (You only need to watch the first half. The second half repeats and does not have sound. If you watch the second half, you can explain what the teacher is doing to help with understanding.)  <a href="#">Concept: Multiplication &amp; Division Fact Triangles (1:51)</a>	<a href="#">Day 3 Math Activity Sheet</a>  <ol style="list-style-type: none"> <li>1. Generate the fact family for the following numbers: 3, 7, 21.</li> <li>2. Generate the fact family for the following numbers: 8, 9, 72.</li> <li>3. Create a multiplication and division fact triangle for 10, 8, 80.</li> </ol>
