

4th Grade – Rising 5th Grade
Summer Remote Learning Opportunities

(Materials used are from the Ready math curriculum used by the district, which are created by Curriculum Associates, LLC.)

(Select YouTube videos are used to supplement when needed.)

Directions: Utilize the links to access interactive tutorials or videos that will help your child practice concepts and will also introduce him/her to new concepts that will be explored in the upcoming school year. Some of the interactive tutorials are lengthy. So, you may choose to have your child view only one of those on the designated day.

Activity sheets are also available for students to practice the concepts. If you choose not to print out activity sheets, your child can draw, color and record responses on plain paper, by using the activity sheets as a guide.

Your child may also work in his/her pathway in iReady which was identified during the 2019-2020 school year. The login information is the same as what was used during the school year.

	Subject Area	Learning Target(s)	Video Mini-Lesson(s)	Learning Activities
Day 4	Reading Comprehension	Based on the positive effects of recycling and yesterday's story I can predict the what would happen if we didn't recycle.	Lesson 4 Recycling Part 1	Go to https://kahoot.it and enter game pin: 09525113
	Reading Foundational Skills	I can use suffixes to understand unknown words.	Day 4 Reading Foundation Lesson	
	Math	View the interactive tutorial. Complete Activity Sheets 9 & 10. Complete additional activities listed on a plain sheet of paper or on the back of one of the activity sheets completed. Learning Targets: Student will... understand multiples.	Concept: Multiples (17 minutes)	Day 4 Math Activity Sheet 1. Draw a number line to show the multiples of 5 up to the product 45. 2. You have 20 circles in rows on the wall. You need the same number of circles in each row. Find all the ways you can arrange the circles.
