It is hard to believe we are in our second month of school. I am hopeful that we will continue to have cooler weather as we enter Fall! With cooler weather, please be sure to label your child's jacket with their name. We will also begin to see an increase in sniffles. However, it is critical your child attends school everyday, so they do not fall behind. Please keep them home if they have a fever or any contagious infections.

*Should your child be out, don't forget to send a note or dr. note so that absence will be excused.

Progress reports have been sent home; however, you can check your child's grade at any time using PowerSchool.

Make Up Work

Your child will have reading homework and vocabulary study nightly. It is important they complete every night as we do go over it each day. Students are expected to find their and highlight their text evidence.

If your child is absent, they are still expected to complete the nightly homework. Classwork will be uploaded to Teams if possible. Many times, there is lots of reading, note taking and discussions happening in class that can not be uploaded. All work missed needs to be completed as soon as possible,

We are in desperate need for boxes facial tissue!

We could also use extra snack and a large box of plastic spoons.
