<b>FY25 Budget Increase vs. FY24 Budget</b>	<b>4.7%</b>	<b>1,809,942</b>
<b>FY25 Budget Increase vs. FY24 Projected Expenditures</b>	<b>4.6%</b>	<b>1,747,699</b>

The FY24-25 Budget represents a \$1.81M, or 4.7%, increase over the FY23-24 Budget. The key components of this increase relate to contractual salary increases for Certified and Non-Certified Staff; the addition of additional teachers to address enrollment and critical education needs (see Certified Staff summary); a projected increase in Health Insurance premiums; and projected increases in Regular & Special Education Tuition and Transportation:

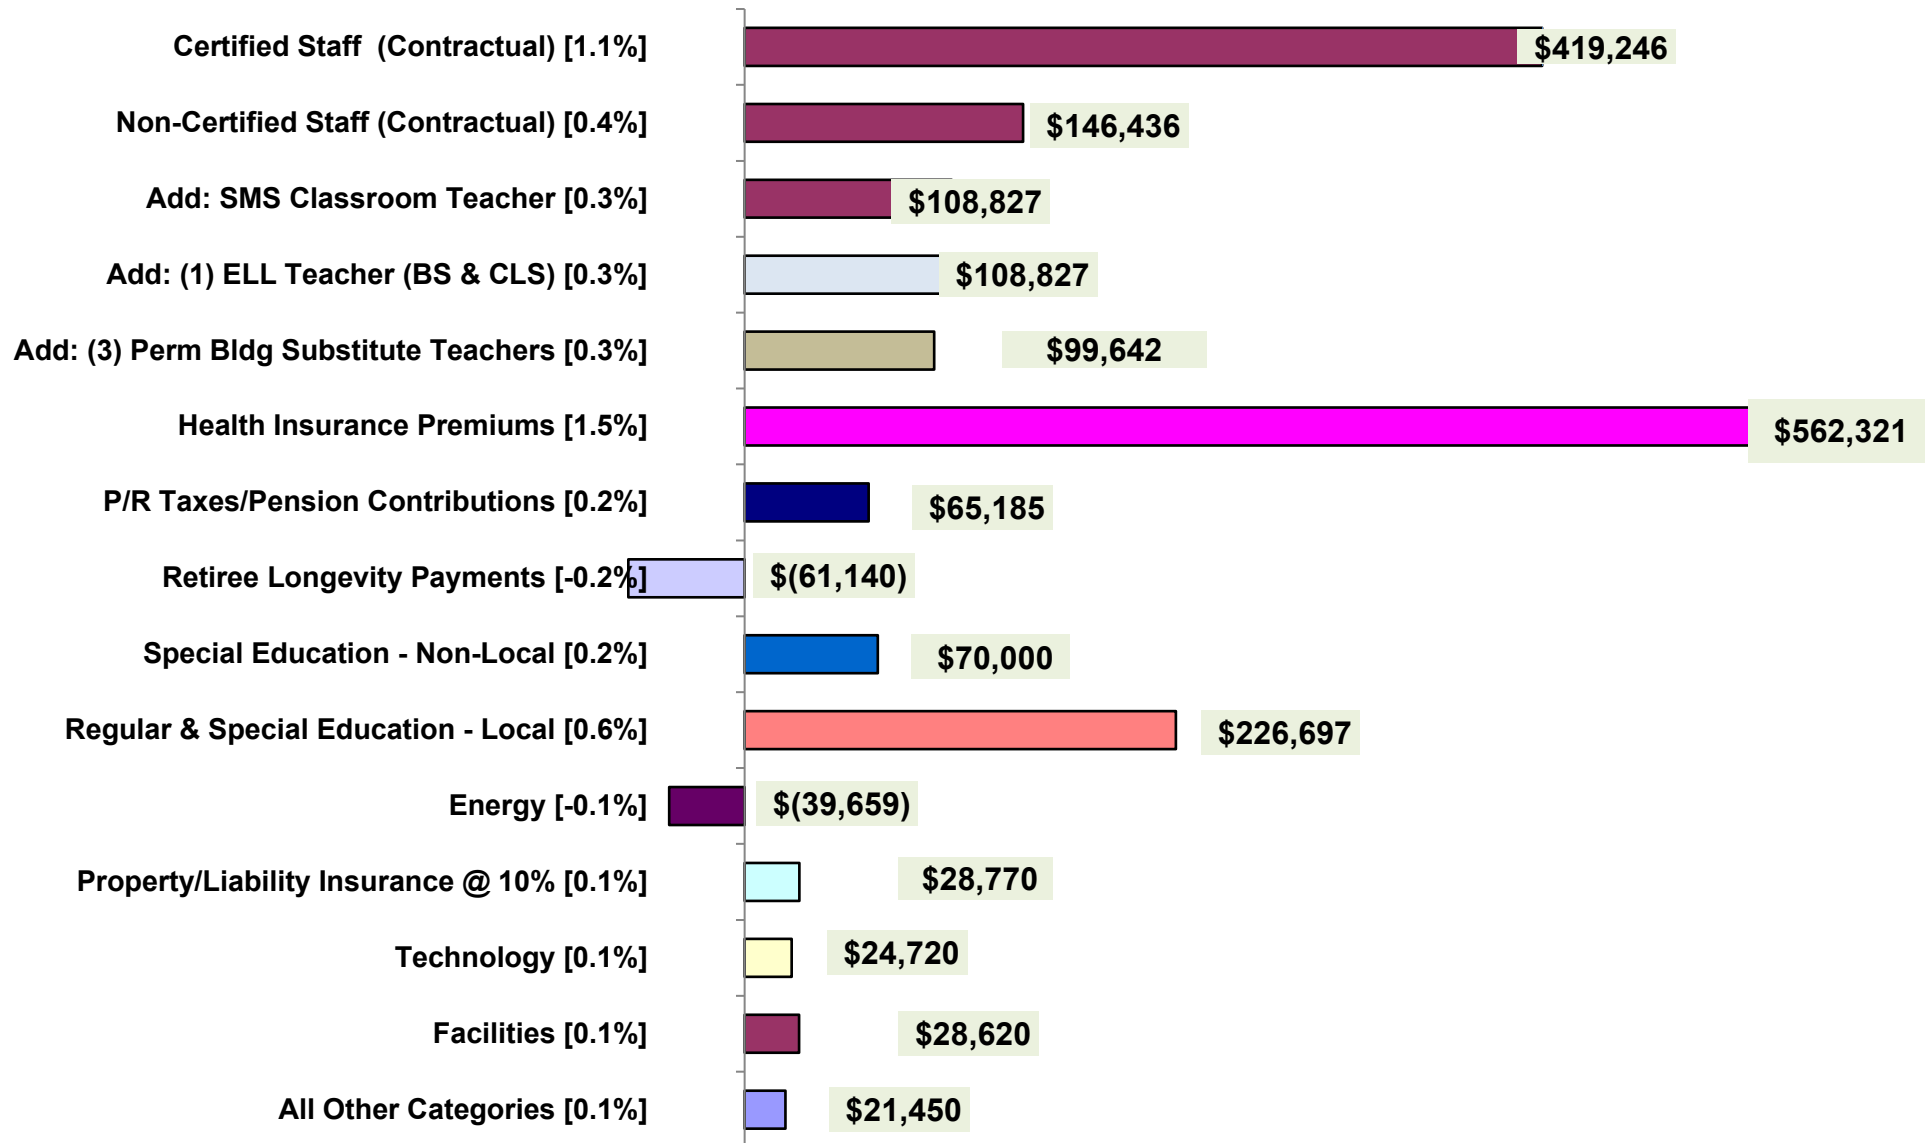

Health Insurance premiums are projected to increase by 12%. During FY23-24, the Town and the BOE changed carriers and realized a reduction in premiums over the costs incurred in FY22-23 with the stipulation that premiums could increase up to 12.9% in FY24-25.

Special Education (Non-Local) costs reflect increases of \$95K and \$50K in Out-of-District Tuition and Transportation, respectively. Anticipated proceeds from the Special Education Cost Grant are projected to increase by \$75K resulting in a net projected increase of \$70K.

Regular and Special Education (Local) costs reflect increases of \$39K in Tuition to neighboring school districts; an \$80K increase in Transportation for In-District Transportation; and a \$108K increase in Transportation for In-District Special Education.

FY25 Budget Increase vs. FY24 Projected Expenditures	-2.2%	(55,310)

This category includes all out-of-district tuition and transportation costs for Special Education students placed in public and private facilities. Gross costs incurred are partially offset by proceeds from the Special Education Excess Cost Grant (SEECG). Despite an increase in gross costs in FY22-23 over the prior year, the District received a smaller award last year. For FY24-25, gross costs are projected to increase \$145K with an offset of an additional \$75K in proceeds from the SEECG.

Beginning in FY22-23, energy usage for electricity and gas is monitored monthly. Due to savings achieved from the installation of solar panels, the relatively mild winter weather, and the fixed contractual price for electrical supply, it is anticipated that the costs for FY24-25 will produce additional savings over prior years.
