

MajorClarity - Introduction

(completing the Personality Assessment, Learning Styles Assessment, & Career Goal)

1	Go to Clever	
2	Click on the MajorClarity App	
3	Click on "Assessments" on the left hand menu <i>this will be the 3rd tab</i>	
4	Begin Personality Assessment (left side) by answering the first question by selecting one of the three choices. Continue answering questions until you have completed all 48 questions. <i>Be honest with your answers, but too many "X" choices will create inaccurate results.</i>	
	When finished you will see your Holland Personality Types by percentage. <i>See page 2 (top) for Holland code descriptions.</i>	
5	Begin Learning Styles Assessment (right side) by answering the first question by selecting one of the two choices. Continue answering questions until you have completed all 25 questions. <i>Be honest with your answers, but too many "No" choices will create inaccurate results.</i>	
	When finished you will see the results of your Learning Styles Inventory. <i>See page 2 (bottom) for Learning Styles.</i>	
6	Click on "Career Exploration" tab on the left hand menu. <i>this will be the 4th tab.</i>	
	Scroll down to see your first row of career paths. Your career paths are listed in order of your "Fit Score". Your Fit Score was determined by the two completed assessments. The Fit Score is a percentage in bold, located below the career path link. Your Career Paths are listed by highest to lowest Fit Score percentage.	
7	Click on "My Career Plan" tab on the left hand menu. <i>this will be the 11th tab.</i>	
	You should see an outlined rectangle with the following sample Career Goal. <i>I would like to pursue a career as a teacher; right now I think I would like to be a high school math teacher, but I'm not sure yet.</i>	
8	In the outlined rectangle write your personal career goal. You can use your Fit Score careers to guide the direction of your goal.	

Holland Personality Types
