

# Week-At-A-Glance

**Date:      10/23 to 10/27**

	Monday	Tuesday	Wednesday	Thursday	Friday
Standard/Objective	8.P.1.2 Explain how the physical properties of elements and their reactivity have been used to produce the current model of the Periodic Table of Elements	8.P.1.2 Explain how the physical properties of elements and their reactivity have been used to produce the current model of the Periodic Table of Elements	8.P.1.2 Explain how the physical properties of elements and their reactivity have been used to produce the current model of the Periodic Table of Elements	8.P.1.2 Explain how the physical properties of elements and their reactivity have been used to produce the current model of the Periodic Table of Elements	8.P.1.2 Explain how the physical properties of elements and their reactivity have been used to produce the current model of the Periodic Table of Elements
Learning Target	I can identify how the periodic is organized.	I can identify how the periodic table is organized.	I can cement my knowledge about the periodic table and be able to explain what groups, periods, valence electrons, and reactivity are.	I can research one element from the periodic table and describe its properties in detail.	I can complete all my missing work.
Assignments/Activities	Bell Ringer  CFA	Bell Ringer  Mark up Periodic Table – independent	Bell Ringer  Fill in the blank notes with PowerPoint	Bell Ringer  Research an element one pager	Bell Ringer  ZAP Day

# Week-At-A-Glance

**Date:**      **10/23 to 10/27**     

	Identifying the Periodic Table	Quiz			
Graded Assessments and/or projects					
Homework	Complete assignments if absent	Complete assignments if absent	Complete assignments if absent	Complete assignments if absent	Complete assignments if absent
