

CAMPUS TRAFFIC MAPS

Morning Drop-Off

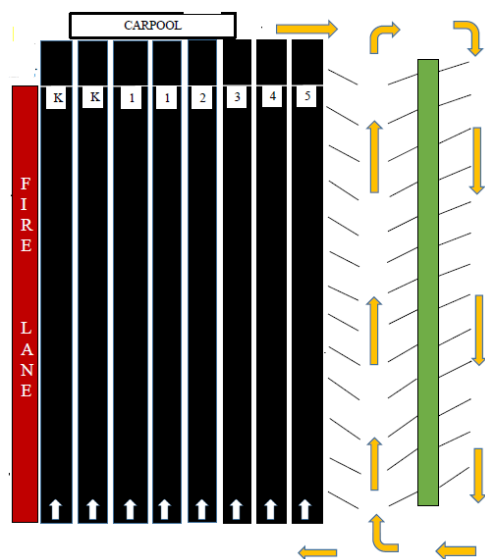

Staff members will be out front to unload morning carpool students at **8 am**. Please use **ALL lanes** for drop-off (not grade specific in AM), except far left is reserved for buses. Students should stay in the car until a **staff member opens the door** for them. Please **wait to pull forward** until your lane is dismissed by a staff member. Do not change lanes as this jeopardizes student safety. Please drive **slowly** and constantly **scan for students**.

Afternoon Pick-Up

Lanes are **grade specific** according to the diagram below.

Please slowly pull into lane of your **youngest child's grade level**. Please park (do not idle) and use the SDM app to self-check in by **clicking on the blue check in button**. You will be prompted to enter your **PIN**. Do not click the blue check in button until you are physically in the loading zone (after the parking lot entrance). Do not block other lines or entrance/exits. Do not cut through business parking lots. If you are having trouble with checking in, please wave a staff member down or call the main office (**910-326-1501**). Please **stay in your car** and we will send your child to you when it is safe to do so. Please **wait to move forward until your lane is dismissed**. If your child does not come out promptly, you may be directed to loop around for the next loading group. You cannot scan in until **AFTER 2:30 pm**, so please do not arrive before then.
