This is not a full list of all available scholarships. It is recommended you use major search engines to seek out alternative scholarships. Be advised that you SHOULD NOT have to pay to access or submit for a scholarship or grant. Beware of sites that offer services to assist you in locating scholarships and grants as most are scams just to get your personal information.

Remember to check not only the U.S. Department of Education website (<https://www.ed.gov>) as well as your State Home of Record Education website for more scholarship opportunities.
