2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Welcome to Sherwood School, home of the Sharks. Please take the time to read our 2023-2024 School Accountability Report Card to learn about the many programs that make Sherwood a great place to learn and grow. We are a Title I school that currently supports 889 students in grades TK through 6. Our school is composed of 37 General Ed Classes, TK through sixth grade, one RSP class and 2 TIP SDC classes, We host 2 general Pre-School class, 1 Migrant Pre-School class and 1 State Pre-school class. 80.8% percent of our students are Socioeconomically Disadvantaged. 74.9% percent of our students are English Learners. 98.29% of our students are Hispanic/Latinos. 58.1% of our students are Homeless. 7.3% of our students are in Sped Ed.

Sherwood School is a professional learning community that holds student achievement as its primary focus. Our school-wide goal is for all of our students to meet or exceed their grade level California Common Core Standards in all curricular areas. We place particular emphasis on the core academic areas of language arts, mathematics, and English language development. We also recognize that the social development of each child is unique and critical to growing citizens who will work together to make Sherwood and the world a better place. We are a community school that actively seeks to involve our parents in the educational experience of our students. We welcome you to be a part of our group of volunteers who play a role in making Sherwood an outstanding community center. As you read through this report, please consider ways in which you can contribute to your child's school experience. It's great to be a shark.

Our Mission statement is to prepare students to think critically, communicate, collaborate, and innovate in a diverse, technology rich, global society. Our vision is that through shared accountability for all of our students throughout the school, a strong core instructional program, research-validated intervention programs, and a well-developed program improvement process we will become an exemplary school in serving our student population and community. Team members will ensure that every student learns grade-level curriculum and is supported in her/his need for assistance in meeting California content standards as they reflect the Common Core Standards. We are a caring and committed staff who will regularly reflect upon:

- Breaking down barriers that impede school-wide teamwork between all members of our school community (including parents)
- Essential learning goals and curricular content
- Successful instructional strategies and techniques
- Analysis of student need to drive instruction and positive behavior support

2023-24 School Description and Mission Statement

- Professional development to exemplify education as a life-long opportunity
- Social development as a key to becoming caring and conscientious citizens

We have demonstrated excellence in our Response to Intervention model and take pride in our ability to provide highly differentiated learning for our students' wide range of ability levels. Our shift to a standards-based curricular program, combined with small group instruction, can be also credited as contributing factors to our students' success. In order to support the transition to the common core standards, Benchmark, Designated ELD instruction, Integrated ELD instruction, small group instruction, Reading Club and Lexia was introduced to provide staff support. Sherwood continues to be a district leader with regard to Response to Intervention (RTI). Our kindergarten team continued to be an all day schedule and thus was able to provide highly qualified academic support for our Kinder intervention program. The focus is to target and support Kindergarten students in the area of early literacy skills. Kindergarten teachers received 90 minutes of instructional aide support on a daily basis. The paraeducartors received training in early literacy instruction, which increased their ability to remediate learning gaps in young learners. First and second-grade students received the support of our small group instruction intervention program, Dreambox, LEXIA, Reading club, and teacher-led targeted after school interventions. Third through sixth-grade students that are not meeting standards benefit from Dreambox, and LEXIA intervention programs and our Reading club. Our Intervention teacher, after school program, Best and Education Safety Time (BEST), also provided student support in academic, enrichment and recreational programs. Overall, these supplemental services are highly beneficial to our students.

Sherwood continues with the implementation of PBIS or "Positive Behavior and Intervention Support" as a school program to assist our students in learning appropriate behaviors. This program has been implemented to create school-wide expectations, rules, and procedures. Through our partnership with Harmony at Home the OLWEUS anti-bullying program continues to be implemented at Sherwood. With the help of a full-time Playworks HASA, Sherwood has rebooted Playworks which Playworks helps kids to stay active and build valuable social and emotional life skills through the power of play. All staff participate. Sticks and Stones counseling provided services to at risk students on a 1:1 basis. An additional counselor position was provided. This counselor worked with at-risk students in a 1:1 or small group counseling setting; this counselor also provided character education to all classrooms.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered "ineffective" under ESSA)

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Salinas City Elementary School District has made every effort to comply with the Instructional Quality Commission of the California State Board of Education. Curriculum frameworks have provided guidance for implementing the content standards adopted by the state and the district. Approved supplemental materials have also been provided for school sites to support instructional differentiation and the Response to Intervention program model.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	15	19	20	22	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

The goal of parental involvement in education is to establish a collaborative partnership between parents/guardians and educators to support the academic success, well-being, and holistic development of students. Parental involvement is recognized as a key factor in fostering positive educational outcomes for students. In the 2023-2024 school year, we will have 2 full-time parent coordinators. With our 2 parent coordinators, we have or will offer the following to all of our parents and families: Computer Classes, English as a Second Language(ESL) classes, fitness and nutrition, emotional health and parenting classes such as Cara y Corazon, Strengthening Families, Parents of Power, and Positive Discipline, - all on campus. When newcomers arrive at Sherwood our parent coordinator helps facilitate the intake interview and connects them with local agencies.

We believe that a strong partnership between home and school is crucial for the success of our students. The Family Resource Center is one of the ways we strive to support you on this journey. As part of our ongoing commitment to supporting our school community. The Family Resource Center is a dedicated space designed to provide resources and support for our school families. Whether you need assistance with educational resources, information on community services, or have specific needs, our FRC is here to help.

Services provided by the Family Resource Center include:

- Access to educational materials and resources
- Information on community programs and services
- Assistance with navigating school-related processes
- Referrals to local support agencies

Attendance at our School Site Council and ELAC meetings continues to be strong and consistent. We continued to provide parents support in their endeavors to take an active role in supporting school celebrations, volunteering for our school safety program, and helping teachers in the classrooms. Our Parent Coordinators will provide parent and community events to encourage school participation and parent involvement. Both the Principal and the Vice Principals are very visible and available to schedule a meeting with parents upon request. For information about how you can be involved, please contact our Parent Coordinators at (831) 753-5650.

2023-24 School Safety Plan

In the 2023-2024, Sherwood School continues to have a fully surrounding security fence with electronically-controlled perimeter access gates: 4 pedestrians and 2 vehicles. These gate systems ensure that all visitors enter through the main office when school is in session. Visitors are required to sign in at the school office and receive a visitor's pass (Raptor Technologies). Staff members report anyone without a pass to the school office. Students who leave prior to the end of the school day must be signed out by a responsible adult at the school office. The office at Sherwood was remodeled and the benefits to this remodel include glasses visitor window, as well as increased visibility, and increased communication with parents and visitors. In the 2023-2024 school year, we have allocated resources to fund three campus supervisors during the school day to enhance student safety. Campus supervisors play a crucial role in maintaining a secure and positive school environment. Their presence contributes to various aspects of school safety and well-being.

In the 2023-2024 school year, Sherwood continued having a school safety committee composed of administrations and teachers. We review discipline and safety procedures with the staff and students throughout the school year. We also review playground rules with students to ensure safety on the campus. Classified yard duty members use walkie-talkies to communicate with the office from the playground. There is an intercom system and VOIP telephones are located in each classroom. Improved door hardware was recently installed that allows teachers to lock any door on our campus, and in the district, from the inside. Students may be on campus 30 minutes prior to the start of instruction for breakfast only. Ten minutes prior to the start of instruction, students report to their classroom and are supervised by their teacher. Students are supervised by teachers during recess. During the lunch period, supervision is provided by classified staff and the principal/vice-principal. The principal/vice-principal continually oversees the supervision of students. The principal/vice-principal and a morning supervisor help with safety on the school grounds and help monitor student behavior before and after school.

We review and revise our School Safety Plan annually and it is approved by School Site Council. The plan includes procedures for various emergencies, exit routes, First Aid training and inventories of emergency supplies. The plan is available in our school office. The safety plan is shared with school staff during a staff meeting. We conduct the following emergency response drills at the noted minimum frequency: fire/monthly (after school programs, 3 times annually); lockdown & shelter-in-place (after school programs 2 times annually) and earthquake/twice a year. We also participated in the Monterey County Disaster Drill which took place in October 2023. We share safety concerns at staff meetings and review procedures. Site administration participates in monthly District Safety Meeting.
