2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Welcome to Monterey Park. Our school currently has approximately 525 students in grades TK-6th grade and includes three mild/moderate SDC classes for students in grades 3rd-6th. Monterey Park's mission is to provide a safe, nurturing environment and build an exceptional academic foundation that communicates to our students that with perseverance and support, they can become critical, creative thinkers, and independent problem-solvers in a diverse society. Our vision is that students from Monterey Park transition successfully into middle school, performing at or above grade level and exhibit good citizenship.

The staff at Monterey Park Elementary is dedicated to providing every student with a quality education, where each individual has the opportunity to develop a powerful self-image by growing academically, socially, and emotionally. We believe each child can achieve academic success. Building upon our students' strengths, we work together to ensure that each student has a positive school experience and is able to develop in themselves a lifelong desire to learn. Students participate in music and visual and performing arts programs throughout the year. We provide a PlayWorks program recess that is run by our PlayWorks Junior Coaches. We offer our 4th-6th grade students the opportunity to participate in Student Council, AAA Safety Patrol, Junior PlayWorks, and/or our Conflict Resolution Team which builds capacity, leadership and social skills as well as to create a positive school environment. We offer various after-school co-ed sports programs such as soccer, flag football, basketball, and volleyball which provides opportunities to continue to build physical and team building skills, as well as, school pride. All of these clubs and programs give students an opportunity to build and demonstrate their leadership and social skills. Our school participates in several programs (Olweus Anti-Bullying Program, PlayWorks, PBIS, and Restorative Justice) that are designed to promote a positive and safe campus. We also provide the opportunity for students to participate in the after-school Best of Education and Safety Time (BEST) enrichment program. This program provides participants with a program that promotes student safety, academics, enrichment, and physical activity until 6 PM nightly and Library/Homework Club for one hour four days a week after school to assist students with their reading and math homework. We have a full-time Multi-Tiered Site Intervention Specialist who is funded by the district. The MTSS teacher oversees the use of various intervention programs for students in Kindergarten through 6th grade. Para educators, who are overseen by our MTSS teacher, work with students who are struggling in Language Arts and/or Math. They use a variety of materials and intervention programs to meet the individual needs of these students. All kindergarten through sixth-grade students participates in the computerized programs Dreambox and Lexia, with all students from kindergarten through 6th grade using the program daily for 20 minutes.

With the support of families, school staff, administrators, and community partnerships we are able to offer various school community events such as Fall Harvest Festival, Movie Nights, Art Nights, College and Career Week, various types of

2023-24 School Description and Mission Statement

educational assemblies, field trips, etc. The partnership between the school and the community benefits the school's success and enriches the students' lives.

Monterey Park has been recognized by the California State PBIS Coalition as a Platinum PBIS school in 3 out of the last 5 years. In addition, we received the 2022 California Pivotal Practice Award from the California Department of Education for our innovative practices in student engagement during the pandemic. With parents and teachers working together as a team towards the same goal, everyone succeeds. We invite and encourage families to participate and help us prepare our students for the future. Through teamwork, open communication, powerful interventions for students, and a dedication to continuous improvement, Monterey Park School is a place where students can succeed.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Salinas City Elementary School District has made every effort to comply with the Instructional Quality Commission of the California State Board of Education. Curriculum frameworks have provided guidance for implementing the content standards adopted by the state and the district. Approved supplemental materials have also been provided for school sites to support instructional differentiation and the Response to Intervention program model.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	25	24	20	22	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

At Monterey Park Elementary School, Family Engagement is defined as the participation of families in regular, two-way, and meaningful communication with school stakeholders. This communication regards student academic learning and other in school and after school activities.
We believe that parents play an integral role in fostering a positive school community. We encourage volunteers in the classroom,
at family events, during the book fair, on field trips, at school events, as well as, participation at School Site Council, English Learner
Advisory Committee, Student Activities Committee, etc.
To become more involved, please call or visit the school office - (831) 753-5640.

2023-24 School Safety Plan

Monterey Park School has a fully surrounding security fence with electronically controlled access gates: 3 pedestrians and 2 vehicles – these gates assure that all visitors enter through the main office when school is in session. Visitors are required to sign in at the school office, get processed through our Raptor system and receive a visitor's pass. Staff members report anyone without a pass to the school's office. Students who leave prior to the end of the school day must be signed out by a responsible adult at the school office.

We review discipline and safety procedures with the staff and students throughout the school year. We also review playground rules with students to ensure safety on campus. Campus Supervisors use walkie-talkies to communicate with the office from the playground and during arrival and dismissal times. There is an intercom system and intercom telephones are located in each classroom. Specialized door hardware allows teachers to lock any door on our campus, and in the district, from the inside. Students may be on campus 30 minutes prior to the start of instruction for breakfast only. Ten minutes prior to the start of instruction, students report to their classroom and are supervised by their teacher. Students are supervised by teachers during recess. During the lunch period, supervision is provided by campus supervisors and the principal/vice-principal. The principal/vice-principal continually oversees the supervision of students. The principal/vice-principal and morning campus supervisors help with safety on the school grounds and help monitor student behavior before and after school.

We review and revise our Comprehensive School Safety Plan annually and are approved by the School Site Council. The plan includes procedures for various emergencies, exit routes, first aid training, and inventories of emergency supplies. The plan is available in our school office. The safety plan is reviewed with the site safety committee and school staff each year. We conduct the following emergency response drills at the noted minimum frequency: fire drills are conducted monthly (after-school programs, 2 times annually); lockdown & shelter-in-place drills are conducted three times per year (after-school programs 2 times annually), and earthquake drills are practiced twice a year. We also participated in the Monterey County Disaster Drill which took place in October 2023. We share safety concerns at our site and district safety committee meetings and our staff meetings and review procedures as needed.
