

2023-2024

DISTRICT PROFILE

ABOUT US

Located 35 miles southeast of Washington, D.C. and 55 miles south of Baltimore, Calvert County is a scenic peninsula bordered on the east by the Chesapeake Bay and on the west by the Patuxent River. The county—Maryland's smallest at 213 square miles—is home to over 90,000 people.

Calvert County Public Schools, the 13th largest by student population among 24 school systems in the state, consistently ranks among Maryland's top districts based on state assessments. The school system's high achievement, numerous options for career and technology programs, school climate, and support services for students attract many families to the area.
