2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

School Vision:

At Kinney High School, we know the value of being present, positive, and productive and that one can never give up if one wants to achieve their dreams. We aim to offer a solid credit recovery program that is built around relationships, the best standards-based curriculum, and a solid Social-Emotional program.

The vision of Kinney High School is to offer an alternative place for learning while providing a safe, caring environment where students can improve their academic, personal, and social skills to become positive, productive members of society.

Mission Statement:

Kinney High School is dedicated to student learning. We believe that all students can learn and be successful in an environment that best suits individual students learning styles, academic abilities, and personal needs. We provide this through smaller class sizes, by emphasizing personal responsibility, and by establishing a safe and nurturing climate that enhances self-esteem.

School & Community Profile:

At Kinney High School we believe that all students can learn given sufficient time and support through smaller classes and personalized instruction that emphasizes personal responsibility in a safe and nurturing environment. Since 1919, continuation education has been an option for high school students in the State of California. In its earliest period, continuing education was seen as a means for helping the student who had to go to work, and wished to stay in school to achieve a high school diploma. Our mission is to address and serve students who are in danger of not completing high school even while practicing distance learning. This forces us to be creative when trying to engage as many students as possible and make the learning meaningful and relevant.

As specified by law the Folsom Cordova Unified School District developed Kinney High School in 1966 as a continuation program for students. The expectation is that Kinney students will complete the same curriculum for graduation as do other students in the district and are subject to the same state and district mandated requirements. The Kinney High School student body size fluctuates over the course of a school year as we have an open enrollment policy that allows students to enter or exit

2021-22 School Overview

as needed. Traditionally the school averages approximately 150 and serves in excess of 275 students during the school year. However, the school population seldom exceeds 150 students at any given time. The school's gender distribution was almost equal in the 2020-2021 school year. The school's largest ethnic groups are Latino (40%), White (27%), and African American (23%). 83% of students who attend Kinney High School are socioeconomically disadvantaged, while 31% are homeless and 10% of our students are English Learners. In addition, we have 18 Special Education students.

Kinney High School provides an instructional setting that is different from the traditional high school in its approach to teaching. These differences are designed to provide each student with an educational program that prepares them for completion of the district and State common core standards and prepares the individual for a career or post-secondary education. In addition to completing the requirements for graduation, each student will have the opportunity to acquire the values, skills, and knowledge necessary to promote lifelong learning, enhance self-esteem, and become responsible citizens. We stress the importance of being present, positive, and productive.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Folsom Cordova Unified will have a Public Hearing on January 20, 2022, and determine that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Kinney High School was constructed in 1966 at the corner of Folsom Boulevard and Kilgore Road and is a beautiful campus with mature trees, shrubs, and well-manicured lawns. The plant is comprised of ten classrooms, a metal shop, a culinary kitchen, a media broadcast room, a media center, a Student Activities Center (SAC building), administrative offices, and a staff lounge. Modernization with Measure N monies in 2016 allowed for new landscaping, a newly designed administrative office space, expansion of the culinary program to include a separate culinary classroom, ventilation and office space to the metal shop, and the creation of a new media center that houses the computer lab and library.

The principal works with the full-time head custodian and part-time night custodian to ensure that the cleaning of the school is maintained to provide a clean and safe campus. The District's School Board has adopted cleaning standards for all schools in the district. Classrooms at Kinney High School are cleaned every other day and deep cleaning occurs during winter break, spring break, and summer break.

District maintenance staff ensures that work orders and repairs necessary to keep the school in good repair are completed in a timely manner. A work order process is used to ensure efficient service and the highest priority is given to emergency repairs. The District participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar-for-dollar basis to assist our district with expenditures for major repair or replacement of existing school building components. All COVID-19 precautions are implemented, as safety is our number one priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

2020-21 Career Technical Education Programs

Folsom Cordova Unified School District defines their career pathways following the 11 Elements of High Quality CTE Programs and the requirements of Perkins V (Strengthening Career and Technical Education for the 21st Century Act). The Career Technical Education (CTE) Programs at Kinney High School prepare students for college and career readiness. The CTE programs are offered in two industry sectors and two pathways. The industry sectors include Hospitality, Tourism & Recreation, and Manufacturing & Product Development. The programs concentrate on the following pathways: Food Service & Hospitality and Welding & Materials Joining.

Pathways are supported by two to three course sequences that offer rigorous, hands-on, project-based learning. CTE courses include Foods & Nutrition, Culinary Arts 1, Culinary Arts 2, Introduction to Metals, Welding Technology, and Advanced Welding Technology.

Individual student assessment of work readiness skills in CTE programs takes place through end-of-course exams, projects, portfolios, industry certifications, and other means. Summer work-based learning is available through the District's CTE Summer Preceptorship Program.

There are two Career Technical Student Organizations to support the development of student leadership, professional skills, service learning, and work based learning. These include Family, Career, and Community Leaders of America (FCCLA) and SkillsUSA.

2020-21 Career Technical Education (CTE) Participation

Measure	CTE Program Participation

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents are very important in a child's success in school. Students who enroll at Kinney High School must attend an orientation class. During the orientation class, all school rules and policies are covered, and a graduation plan is formulated.

Two Mental Health Specialists (MHS) provide therapy for both students with Individual Education Plans (IEP) who need Educationally-related mental health services (ERMHS) and general ed students. Nurses provide nutrition education in the health classes and we are still looking, as a district for a drug/tobacco/alcohol counselor since Recovery Happens no longer works with schools.

All parents are invited to Back to School Night in the fall where the staff members are available to meet with parents in order to explain classroom expectations and grading policies. The principal also discusses testing and assessment, funding for interventions and programs, and news updates for the current school year. A parent survey is also given to solicit input.

For additional information about organized opportunities for parent involvement at Kinney High School, please contact Michelle Flowers Wilson, Principal, at (916) 294-9060, mflowerswilson@fcusd.org

Parents or community members who wish to participate in Kinney's School Site Council, school committees, school activities, or become a volunteer may contact Melissa Robledo, Administrative Assistant, Kinney High School, 916-294-9060, mrobledo@fcusd.org

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	1.83	0.00	0.17	0.01	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Our school is safe, clean, and well maintained. Restrooms and eating facilities are cleaned daily. Any safety hazard that is reported is reviewed immediately and resolved. Safety plans are reviewed each fall and spring. Emergency plans have been developed and are updated annually. A calendar of monthly safety drills is posted and adhered to throughout the school year including fire, lockdown, and active shooter.

Each year, Kinney High School complies with SB 187 that requires that the Comprehensive School Safety Plan be updated; therefore, the Kinney Safety Council updates and approves the Comprehensive Safe School Plan.

The Safe School Plan is developed should the need arise to respond to any of the following: fire, earthquake, bomb, flood, hazardous materials, nuclear attack, armed intruder, school crime, child abuse, interruption of utility services, student discipline, sexual harassment, student conduct, and student dress code. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Lockdown drills are held several times a year. Students are supervised before and after school, during lunch and breaks by certificated staff, classified staff, and administration as needed. There is a designated area for student drop off and pick up. Visitors are required to report to the office prior to moving around campus. During the 2020-2021 school year, there were no reported student accidents.

Due to COVID-19, safety has taken on a new meaning. We continue to work with the district office, the county, and medical experts to ensure all precautions are taken to ensure the health and safety of our students, families, and staff.

Each classroom is equipped with a fire and intrusion alarm sensor, a tagged fire extinguisher that has been recharged each summer, an evacuation map (showing the location of various utility shut-offs) posted by at least one exit door, the Williams Act Classroom notice and the American's with Disabilities Act notice are posted. Each classroom contains a folder with laminated Hour Zero Emergency Response Card and emergency response cards. The Rancho Cordova Police Department can access Hour Zero to obtain information that can be utilized in the event of an emergency.

Professional Development

Folsom Cordova Unified School District has provided up to two professional development days for certificated staff for the current year and the last two years. Each employee is encouraged to grow professionally through self-evaluation and reflection; by attending college and university classes as well as statewide and local workshops; by reading professional literature; and by networking. District-sponsored in-service and training are provided through Professional Learning Communities (PLC), lead teachers, and site level academic, reading, math, science, and technology coaches. In addition, our district staff has worked collaboratively to provide an induction program for qualified new teachers.

Teachers were offered training on how to work with at risk youth through Mockingbird.

Counseling & Support Staff

It is the goal of Kinney High School to assist students in their social and personal development as well as their academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, or handling peer pressure. The counselor to pupil ratio is a full-time position for 132 students. We currently have one full-time MHS who covers Kinney and Prospect CDS and a school psychologist for 1 day a week.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
