

# Student Progress Report

Term Rostered: Fall 2012-2013  
 District: Sycamore School District  
 School: MAPLE DALE ELEMENTARY  
 Growth Comparison Period: Fall to Spring

## Mathematics

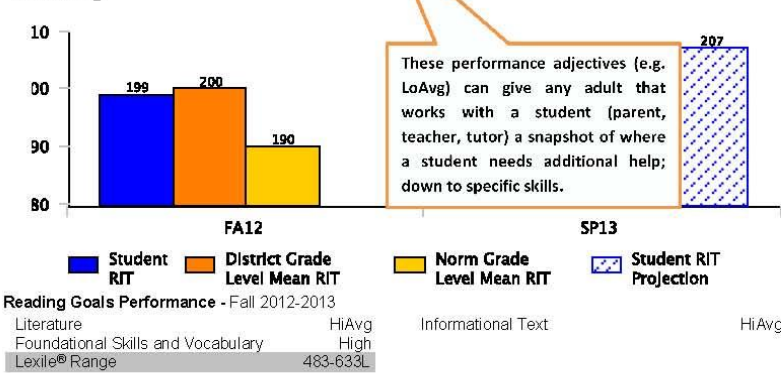

Term/Year	Grade	RIT (+/- Std Err)	RIT Growth	Growth Projection	Percentile Range
FA12	3	196-199-202			62-71-78

The student RIT Range tells the teacher what skills your child is ready to learn next based on the student's RIT score

What is RIT, anyway? RIT stands for Rasch Unit. It is a standard of measurement – almost like an inch on a ruler. Check out the Parent Toolkit for a detailed explanation.  
<http://www.nwea.org/support/article/930>

## Reading

Term/Year	Grade	RIT (+/- Std Err)	RIT Growth	Growth Projection	Percentile Range
FA12	3	196-199-202			66-73-79

This percentile range tells how well a student performed compared to students in the "norm" sample for their grade. This student scored as well or better than 73% of the students within the grade level norm group.

**"Find A Book" Website**  
 Ideal for parents and students to build reading lists by Lexile range and personal interests – and check the availability of the books at your local library. Go to Lexile.com

Term/Year	Grade	RIT (+/- Std Err)	RIT Growth	Growth Projection	Percentile Range

Growth can only be shown after the Spring test – showing growth from Fall to Spring. Growth projection shows how students across the nation (who started with the same RIT score in the Fall as your child) typically grew from Fall to Spring.
