## Important BSD Athletic Eligibility Information

### 2<sup>nd</sup> Semester of 8<sup>th</sup> Grade Prepares You for High School!

Every 8<sup>th</sup> grader who is interested in participating in high school athletics as a 9<sup>th</sup> grader needs to know this important information.

All students, including 8<sup>th</sup> graders, who are interested in participating in high school athletics must remain engaged in the classroom. A current 8<sup>th</sup> grader who does not pass six credit bearing courses during second semester of 8<sup>th</sup> grade (ending in June) must meet with the high school athletic director to:

Outline a plan for academic success and Review academic probation requirements the student will be held to as an athlete.

This meeting occurs during the first two weeks of the Fall Sports Season for Fall student athletes and the first two weeks of the Winter Sports Season for Winter student athletes.

For the 2023-24 school year, initial Academic Eligibility for student athletes will be determined between

Monday, Aug 21 and Friday, Aug 25, 2023.

Student athletes must also be passing six credit bearing classes at subsequent grade checks throughout any sports season. Students who are not passing six credit bearing classes at a grade check are declared academically ineligible and therefore not able to compete for their team until the grades are remediated. Ineligible student athletes may attend and participate in practice, but not competitions.

**Note:** Summer School Courses may be used to address academic issues which arise at the end of second semester for the 2022-2023 school year.
