Elementary School

Autism Acceptance Day

Maritime celebrated Autism Acceptance Day on April 2nd by wearing puzzle piece sweatshirts sold by the cadets in Independent Living.

Mystic Trip

Over Spring Break, a small group of 8th grade cadets and staff ventured to Mystic, CT. They spent their days sailing, knot tying, rowing whale boats, climbing up the rigging, learning star navigation, throwing harpoons, and more. Their adventures continued with museum tours and shanty shows.

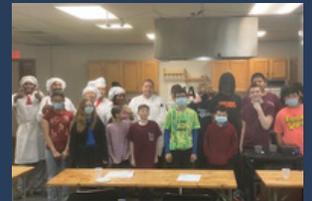

Earth Day Celebration

Ms. Fredericks class celebrated Earth Day by planting their own flowers that they will take home and plant in their own gardens. Fifth grade also discussed ways they can help our planet with the choices they make every day!

JNA Culinary School Trip

The 7th and 8th graders from the Independent Living class went on a field trip to JNA Culinary School where they learned how to make pasta!

Middle and Elementary Happenings!

Mr. Braunstein's 7th grade cadets created Greek Mythology projects! 6th grade cadets dressed each other up as mummies for their unit on Ancient Egypt. The cadets created names and backstories for their pharaohs. They had a blast learning about the mummification process!

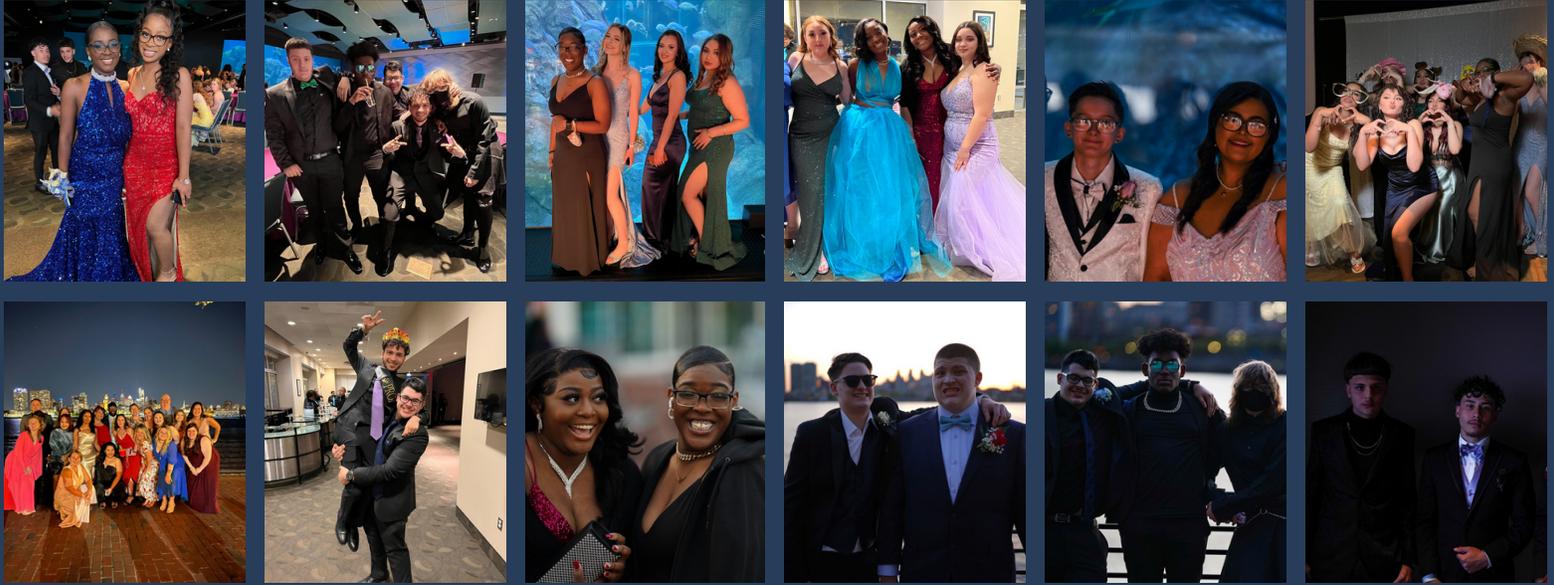

High School

Junior and Senior Prom

After two long years of COVID, our juniors and seniors finally got their prom. Thank you, Ms. Bogan, for planning this beautiful evening at the Adventure Aquarium for our cadets.

Philadelphia's Produce Center Trip

Students visited the Philadelphia produce center.

Earth Day Celebration

Students made Native American seed balls outside the garden with Ms. Neel leading the way! Other students picked up trash around the perimeter of the school. Under the supervision of Ms. Gara and Ms. Pellegrino, students filled the planters around the outside seating area, planted flowers grown by the garden club, and started the edging of the garden.

High School Happenings
