### Fall 2023 Nita M. Lowey 21<sup>st</sup> CCLC Program Offerings

Attention Parents/Guardians and Cadets:

Our Nita M. Lowey 21st Century Community Learning Center is re-opening for the Fall on September 5, 2023. These programs are the before-school and after school programs for our school. Please review the programs available (Elementary School only) and complete the application form if your cadet is interested in joining. High School programs will be communicated by individual teachers coordinating the programs. Please note that transportation is **NOT** available for both before and after school activities.

CLC after-school programs begin right after dismissal. Parents should go to the main office in Building 11 to sign out their child. CLC staff will bring the cadet to the front doors of Building 107 for dismissal. We use the same dismissal information provided on your child's school application. Please contact the school office if there is any change to your pick-up plan to avoid delays at the sign-out process.

**At the Elementary School, all participants must be picked up no later than 5:30 PM. Any consistent late pick up of cadets may result in removal from the program.**

On the application form, please indicate which days you wish your child will attend and for which programs you would like them to participate in each day. **IMPORTANT:** Based on staffing and class size, we cannot guarantee that your child will be rostered in the requested class each time they attend. The cadets, however, will be able to participate in our CLC program, but may be shifted to another program.

We plan for CLC programs based on the applications received. We will assume that your child is staying for CLC on the days listed on the application you fill out unless you contact us to tell us otherwise.

CLC participants at the Elementary School will receive a snack at the beginning of classes. All cadets will do homework help at the beginning of their CLC class no matter which class they are assigned. As in the past, program may be added or deleted as staffing changes throughout the year.

### **Program Offerings at the Elementary School:**

**PSSA and More Morning Assistance:** Our program is a technology integrated tutoring program that uses specialized instruction to help reach individual learners. Each student will use their Chromebook to work on assigned programs or receive individual help. This is a great program to help students with concepts they have difficulty in, a project that needs more direction, computer access, homework help, PSSA practice, or whatever the school related instruction may be.

Meets Monday through Friday from 6:30 to 7:15 AM in various locations for all grades.

**Academic Enrichment:** Students will work in a classroom setting with a Maritime teacher for assistance in areas of academic weakness or on the day's homework. We will have tutors available in the room assisting the teachers in the work.

Meets every Monday through Thursday from 3:00 to 5:30 PM for all grades.

**League Cadets:** This junior cadet program introduces its members to naval life through instruction in basic seamanship and leadership. Cadets are invited to sign up but must demonstrate a commitment to the program.

Meets Tuesdays and Thursdays from 3:00 to 5:30 PM for cadets ages 11 – 14.

**Maritime Pals:** This mentoring program is designed to pair younger cadets with our upper classmates to explore good citizenship, fun, and sportsmanship.

For cadets in Grades Kindergarten, 1, and 2. Start date will be announced.

**Lil' Scientists:** This program is designed to introduce basic science topics in a fun and hands-on way for our cadets.

For cadets in Grades Kindergarten, 1 and 2. Start date will be announced.

**Science Adventures:** Cadets will explore science topics and get some hands-on experience with these topics.

For cadets in Grades 5 through 8. Start date will be announced.

**Writing Spotlight:** The main focus of this activity will be direct work on the school yearbook. Other writing opportunities will be added as the year progresses.

Meets Wednesdays for cadets in Grade 7 and 8.

**Music Appreciation:** Please check during Advisory for detailed information regarding Music lessons, Handbell Choir, and vocal choir. Music is offered Mondays through Thursdays for cadets in Grades 4 – 8.

**Strategic Applications:** This program uses games to teach strategy and competition.

Meets Thursdays for cadets in Grades 3 through 6.

**Young Biologists:** This program focuses on the living world and offers cadets the ability to take on the role of a biologist.

Meets on Tuesdays for cadets in Grades 4 – 6.

**Connections Academy:** This program will offer assistance to parents with navigating the complexities of Elementary School life. Parents may be contacted or may inquire about participation with Ms. Wenger – [wenger.n@maritimecharter.org](mailto:wenger.n@maritimecharter.org).

Funded in full or in part  
With a grant provided by the  
Pennsylvania Department of Education

(See program application on a separate page.)
