The PSSA testing window is scheduled from **April 22 to May 10, 2024**. The District has thoughtfully considered the schedule to ensure that students observing Passover can participate in the tests without interfering with the state-provided testing dates. Testing will commence on **April 24th** in our elementary and middle schools. We are sharing these dates in advance with families to allow for ample time and opportunity for scheduling purposes. Further details will be shared soon.
