Bigger, Faster, Stronger (BFS)

The BFS Strength and Speed training is a program that will develop and improve the skills, coordination, and abilities of our students by increasing their strength, speed, quickness, agility, stability, range of motion, and flexibility. We will accomplish this through a multitude of different drills, weight room movements, band work, and stretching. Students will get out of this program what they decide to put into it. Students who are focused, come ready to work, are committed to their timeslot session, lift properly, drill properly, and follow the overall plan will see results. EVERY session is a Coed class except one. That one session will be a female-only session with girls in 9th through 12th grade. The program is broken down into beginner (6th and 7th grade), intermediate (8th and 9th grade), and Advanced (10th, 11th, and 12th grade). There will be sessions available for all skill levels. We will do our best to accommodate your session request for certain time slots. The times listed are the start time and end time. Please be ready to warm up 5 minutes earlier than the start time.

Summer Saunters

The Saunters program started in Lodi in 2008 with a week-long course dedicated to hiking. This course has a 16-year history of partnership with Lodi staff and students, the Ice Age Trail Alliance, the National Park Service, and the Wisconsin Department of Natural Resources. This is open for students going into 3rd grade through 12th grade (we also always welcome back Lodi - Lodi-Saunter alumni!). We average 6 to 12 miles a day on some dynamic hikes. It will be up to you to determine if your child can handle that distance before signing up for this course.

This summer, Saunters will take place from:
Monday, June 3 through Friday, June 7 (Friday, June 7 is a 1/2 day).

Students will load the bus each day at 8 am, travel to a unique segment of the Ice Age Trail, and return to school by 4 pm. Along the way, participants in **Grades 3 – 12** will explore Wisconsin on foot, build leadership skills, and learn about our glacial legacy through the Cold Cache program. Cold Cache is similar to geocaching only students identify landforms to meet the goal. They will need to bring their own lunch, water, and snacks. On Friday, they will be off the trail at about 11:00 am and then have lunch together (with families invited). Students will be done for the day on Friday around Noon. More information will be sent to you after registration closes.

Please feel free to contact Chris McNeill (mcneich@lodischoolswi.org) if you have any questions.
