## Club Care Registration for 24/25 School Year!

Club Care registration for the 24/25 school year will open up on Tuesday, April 9 at 8:00am. We encourage all current families to register as close to that date and time as possible as it is very competitive to get in. Current families of 23/24 preschool care and Club Care are given priority registration status for the 24/25 school year. More information about school year programming will be available in early March.
