Standards Mastery Framework

Fulton
County Schools
Where Students Come First

- Fulton County uses the Standards Mastery Framework to ensure all students are meeting mastery of state standards
- State standards are provided by Georgia Department of Education

What is the Standards Mastery Framework?

Standards Mastery Framework in FCS

The Standards Mastery Framework (SMF) is a set of tools designed to ensure a **guaranteed and viable curriculum** and **deeper personalization** of the learning experience for FCS students.

The **tools include:**

- **Learning Maps** that consist of
 - **Prioritized Standards**
 - **Proficiency Scales**
 - **Evidence Blueprints**
- Assessment items and tasks
- Scoring guides and student exemplars
- Scales for reporting student success skills
- Focus lessons

With the Standards Mastery Framework, teachers may **enable each student to advance within and between courses upon demonstrated mastery** and plan their instruction by **considering 5 essential questions:**

- What do students need to know?
- How do we know that they know it?
- What is the plan for initial learning?
- What do we do if they don't know it?
- What do we do if they already know it?

What is a Guaranteed and Viable Curriculum?

*Essentially, a **guaranteed** and **viable** curriculum is one that is **being taught** in every classroom and **can be taught** in the time available.*

WHAT TESTS WILL MY CHILD BE TAKING?
