

**South Fulton Elementary School Redistricting (Fall 2023)**  
**Round 1 Meeting Comments**  
**Wednesday, Oct. 11, 2023 - McNair MS**

<u>Question</u>	<u>Comments</u>	<u>Room votes*</u>
<b>1) After reviewing the rationale for closing S.L. Lewis, what additional input do you have?</b>		
	What are the chances that the students will not return to SL Lewis?	
	Is there a plan for transportation (due to bus shortages what is the plan)?	
	How will Pre-K be affected?	2
	What is the justification for a school larger than the current student population?	
	How will you accommodate the growing student enrollment with the teacher shortage?	1
	Will the current principal remain in position?	
	Will the present teachers return to SL Lewis?	1
	Will the students from SL Lewis be placed in trailers?	4
	Will they function as one school or two schools in one building?	5
	Will parents that have students in Pre-K be placed with their older sibling at SL Lewis? Will rising 5th grade students stay together?	3
	How are they going to fit 40 classes into 14 rooms?	
	Why wouldn't they consider sending students to Feldwood (ES)?	
<b>2) In terms of factors such as natural geographic barriers, homeowner associations, and shared amenities such as common areas, youth teams or events, what neighborhood areas should remain together and why?</b>		
	Pointer Ridge stays together because they have always been associated with SL Lewis.	1
<b>3) What traffic concerns do you have that may impact the safe and timely transportation of students to and from schools?</b>		
	Influx of vehicles coming down Burdett Road will create a big traffic problem including Old National with more lights and the left, right turn.	1
	Will additional buses be added to accommodate the walkers that will now need to be bused?	1
	Walkers will have to cross a main road (Flat Shoals) to get to school.	
	SL Lewis has a large number of car riders and interfere with the flow of traffic (public transportation) and a narrow street and potentially more car riders because parents do not want students bused.

**4) Are there any residential development trends or redevelopments in your area that may impact future school enrollment?**

Cost of rent increasing in the area.

Building a new subdivision on Old Jonesboro Road.

Pointer Ridge Subdivision buying properties.

I don't have enough information. The only thing I know is because will be remodel I am not connected with the community because I been in the school/area one year so I am okay to move.

It is a busy area and I am concerned about my transportation to the school but not for the student because the county will provide transportation.

I don't have information about this.

*\* Note: Participants in each meeting breakout room were asked to indicate the two submitted comments in their group they felt were most important.*
