

North Springs High School (Replacement School) Construction Advisory Committee Meeting Notes for March 1, 2023

The North Springs Construction Advisory Committee met at North Springs High School on March 1, 2023, at 3:30 p.m.

Presentations and Discussion:

- FCS Chief Operations Officer Noel Maloof presented the construction schedule and site adaption graphics. The baseball field drainage issue will be addressed by site engineers and they are making sure that retaining walls and drainage are dealt with appropriately.
- He also presented an architectural rendering, with the reminder that it is just a rendering. More detail will be shown in architectural schematics. By spring, there should be 3-D renderings to share.
- Principal Scott Hanson gave an instructional program update. He has a meeting set with Alexandra Bates, Zone 4 Superintendent; Dustin Davis, CTAE Director; and Yalanda Bell, Executive Director of Academic Programs. These will be the first of several conversations about CTAE and the school's future direction in regard to its magnet offerings and other academic programming. He will solicit feedback about the community's desires for the new building.

Misc.:

- The meeting cadence will be first Wednesday of each month, with exception of Spring Break in April (2nd Wednesday) and June due to FCS Leadership Conference (2nd Wednesday). There will be no meeting in July.
- The meeting's presentation will be posted to www.fultonschools.org/newnorthsprings.
