

ORAL LANGUAGE CONVERSATIONS

1

Read Aloud

Reading aloud is one of the best ways to introduce new words to children. It also encourages making connections.

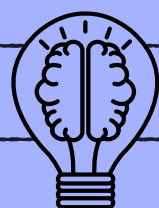

2

Explore The World

Take a walk around the neighborhood or a store. Point out things you see with your child explaining what they are.

3

Walk And Talk

As you are exploring, ask open ended questions that start with **who is, what is, when will, where does, why do** and **how will**.

4

Act It Out

When provided an opportunity, act out the story. Use props like stuffed animals and use it to talk about shape, size, color and texture.

5

Sing It

Create or learn songs to expand your child's vocabulary. You can make up songs about daily routines. Try adding in new words.

6

Listening Games

Try playing games like "I Spy" and "Simon Says". This allows your child to interpret words and use their knowledge to follow directions.
