Be a Friend and not a foe
"What Will I Be Wednesday"
School Counseling Career Lesson

Mindset Standards #4. Understanding that postsecondary education and life-long learning are necessary for long-term career success

Behavior Standards #4. Apply self-motivation and self-direction to learning

May 13th, 2020 (Veterinarian)

Good morning! It's time again for "What Will I Be" Wednesday. Do you enjoy pets? Do you have a cat, dog, or maybe even a snake? If so, you may want to consider a career as a veterinarian. Veterinarians help take care of animals when they are sick. They provide medication and treatment to animals based on their physical problems. In order to become a veterinarian, you must attend college after high school. You must enjoy science and math, and you need to have a very caring attitude to all types of animals. Is this a career you would enjoy? Thank you, Dr. Sutherland, for bringing more career awareness to us! Have a remarkable day!
