Be a Friend and not a foe
"What Will I Be Wednesday"
School Counseling Career Lesson

Mindset Standards #4. Understanding that postsecondary education and life-long learning are necessary for long-term career success

Behavior Standards #4. Apply self-motivation and self-direction to learning

April 29, 2020 (Construction Worker)

Greetings,

I hope all is well today. It's time again for "What Will I Be" Wednesday. Do you like machines? Do you like constructing things? Do you enjoy lifting heavy objects? If so, you may want to consider a job in construction. Construction workers construct buildings that we enjoy every day such as: restaurants, shopping centers, and, yes, even schools. To be a construction worker, you will need to be great in subjects like math, reading, and science, and you must be a high school graduate. Is this a career you would enjoy? Thank you, Dr. Sutherland, for bringing more career awareness to us! Have a remarkable day!
