KIVA

Revised as of 6/11/20

Dear Paradise Valley Resident,

My name is Alice Spingola and I am Principal of Kiva Elementary School, 6911 East McDonald Drive, part of the Scottsdale Unified School District (SUSD). As our neighbor, I wanted to reach out and update you on a project we have happening at the school. Kiva, which was originally built in 1957, is planning a campus modernization. As a valued member of our local community, I wanted to make sure that you knew where to find more information on this project, and how to get more involved, if you are interested in doing so.

As a top-rated school that has earned a grade of 'A' from the Department of Education, we are proud of our student and staff achievements and are excited to be able to update our facility to reflect the needs of today's learning and teaching needs.

The Scottsdale Unified School District Governing Board ***approved the administration's recommendation of*** Orcutt Winslow at its February 18, 2020 meeting as the architectural firm that has been working on the design of the next version of our school. To date, we have held several public meetings and formed a visioning committee made up of staff, parents and community members to shape the future plans for our school. Our next virtual Community meeting will be held June 1st at 3.00 pm and we would like for you to join us. Please reach out to me if you are interested.

On June 23rd, this project is scheduled to be discussed during the Governing Board Study Session which will be broadcast live on YouTube. This meeting will start at 3:00 pm. You can stay up-to-date by visiting the website susd.org/domain/330 to find Governing Board meetings, agendas and information about the District.

Please feel free to contact me directly with any questions or comments you might have about the project. For the latest information from Kiva Elementary School, you can always visit the school's website at susd.org/Kiva and follow Kiva and SUSD on Facebook and Twitter.

Sincerely,

Mrs. Alice Spingola
