

Summary of June 2, 2021 Strategic Plan Design Team Session

During the June 2, 2021, Design Team workshop, there were both in-person and online participants. The session opened with an online panel of students from each of the SUSD high schools addressing the Design Team. Each student was invited to respond to the following questions:

1. In reference to your school, think of one value you see in action. Please give a specific example.
2. In addition to the value you selected for your answer to question 1, which additional values would you like to see SUSD adopt District-wide? Please explain your choice.

In addition to the students' suggestions, Design Team members next revisited values and values statements from their May 12th session. They also reviewed values-oriented videos and articles posted on their webpage. Design Team members were then divided into small groups to select three values and values statements for consideration. These values were then posted and presented. All Design Team members were invited to vote for their top choices to be further discussed at the June 16, 2021, Design Team session.

During the second half of the June 2nd meeting, Design team members reviewed the results of a questionnaire regarding the SUSD Vision and Mission Statements. There were 1,090 responses. Ultimately, the Design Team selected the following statements for Governing Board approval:

SUSD Vision:

Engaging all students in world-class, future-focused learning

SUSD Mission:

We inspire, motivate, and empower all to think critically, act collaboratively, and embrace diversity for a life of intellectual exploration, community engagement, and personal growth.

The workshop closed with a review of the [three-phased structure of a well-implemented strategic plan](#).
