New Business:

Request for Tax Credit Grant

I understand that tax credit money can only be granted for **extracurricular, non-graded, optional clubs or activities** that are available to all students. These may be held during the school day, before or after school or during lunch. I also am aware that these funds:

- Must be student-focused
- May be used for academic camps/trips (not tourist or recreational)
- May pay for personnel associated with the activity
- May provide supplies or software to support the activity
- May include intramurals
- May include tutorial opportunities
- May include learning labs

Please describe your request and its purpose. Addam's Family Production is a musical. Jennifer Moore has been a musical director, with a stipend each time, for our past musicals. Our current choir teacher does not have the time to do this, so we have asked Jennifer. Each production has an overall director which is Shad Willingham. He does his own choreography. We just need voice coaching, and musical directing.

How many students will be impacted by your request? The musical has 10 main characters and an ensemble. It will also impact the audience.

How will your funds be used? To pay Mrs. Moore hourly.

Have you explored other opportunities for funding? Yes, I have no M and O for this, and we have used the allotted music stipends.
