Discussion Points	Guiding Questions/Key ideas	Notes/Possible next steps
Introductions and Connection	Checking in: Open table – questions, feedback, concerns...	Charros baseball trip – Andrew brought concern about how students were selected. Karen D. responded – The team identified students who have a positive academic and behavior record, students who may not have had access to other opportunities, students who were involved in or interested in baseball. This has been a collaborative effort between teachers and parents based on student interest. Anne noted that there will be more transparency with the process next year.
