II. Principal's Report

2020-2021 School Year – Update on the start of the school year. Staffing changes to start the year – We had approx.. 96 students who choose SOL for the first semester. With the reduction of students, we saw a 2.0 FTE reduction in our staff. We lost one section in third grade. In addition, we created a CGP/Cluster class to absorb the other position. Teachers have worked incredibly hard to start the school year and are doing an amazing job teaching their students in our current EDL format.

On August 18, the SUSD governing board adopted the matrix provided by the Arizona Department of Health and Safety that will guide when students may return to campus. The district is currently looking at options to bring students back in a hybrid model.

III. Tax Credit Summary

All tax credit accounts were updated and reported.
