

Vision

To engage, educate, and empower every student everyday

At Hopi we believe that:

- Learning is a continuous process that involves the entire community.
- Learning involves the whole child: academically, physically, emotionally, and socially.
- The academic learning environment is designed with high academic standards that meet the needs of all students.
- Effective communication is essential for the success of our school environment and the whole education process.
- Education should be a child-centered process that provides meaningful opportunities for critical thinking, problem solving, and risk taking.
- The learning environment will provide a safe caring atmosphere, which allows for and respects individual differences.
- Technology is an integral component of instruction and learning.

Norms

- Start on time, end on time
- Active Listening
- No side bars
- Collaborate with an open mind
- Think, speak and act with the best interest of students in mind
- Active participation by all members of the group
- Agree to disagree—disagree with the concept, idea or practice, not the person
- Maintain a healthy humor, keep conversations focused and celebrate student success
- Keep class work in the classroom.
- Monitor your technology
