ParentVUE & StudentVUE

Scottsdale Unified School District uses ParentVUE and StudentVUE to help parents of middle and high school students monitor their academic progress (at this time this feature is not available to students in grades k-5). To create an account, parents will need to contact their school to obtain their Activation Key letter. This letter provides instructions on creating their account. Students must be currently active in the district.

Enter your Saguaro ID number into the **User Name** field. Enter your 8-digit birthdate (mmddyyyy) into the **Password** field. Click on the **Login** button.

StudentVUE Account Access

On the left hand side of the StudentVUE screen is a **Grade Book** tab. If you click on this tab, you can view your courses and the overall grade and missing assignments for each class. If you click on a specific class name, you can view a detailed listing of classes assignments, tests and the grading distribution for the course.

To view your Overall GPA (weighted GPA of all courses) and your progress towards graduation, click on the **Course History** tab. If you notice an error, please notify your Guidance Counselor.
