   - How do we make our vision and mission stick?
   - What do you see as our next step?

Responses were as follows:

How do you see us carrying out Operation "Let's Fly" (the name for doing our vision and mission work :))

- Conversations with our community is critical
- Academic excellence for everyone. Inclusivity for all
- Every student, every parent, everyday - can we still use this one?
- Streamline
- Feedback from kids and parents critical

How do we make our vision and mission stick?

- Simple, easy to remember, song, poem-like
- Short and sweet, nothing long/drawn out
- Simple and catchy
- Attainable but set an expectation
- Easy to recite/ print on materials and market
- Visual to help us remember

What do you see as our next step?

- Students, parents, community member involvement to increase ownership for vision and mission statement
- surveys/ feedback tool for staff and community, maybe kids?
- How do we get the student council involved with this?
- Brainstorming
- Survey tool needed
