

Going Green at the Middle School and High School!

We are done with our use of foam trays and paper plates at the Middle and High School!

Students now use real plates and put them into bus tubs at the end of lunch for our staff to wash.

Lucky Tray Day

Loving our monthly Lucky Tray Days! Each Month a random student will get a "lucky" tray to win a prize!

Discovery KITCHEN

This month's theme is Let's Get Cooking. Our wonderful team does so much scratch cooking each day but this month we are going to highlight our Zucchini and Pumpkin Muffins! We make them each once a month for breakfast. They smell great and taste delicious. Our first batch of zucchini muffins had School Farm Zucchini in them! YUM!

New Team Members!

Our newest team members have all been trained at both schools. We have Micaelah who was hired on in October. Tak and Kalia were hired as Food Service Substitutes! So thankful for these wonderful new people to join our team.

Celebrating Micaelah's birthday last month!

Staff Highlight

Shawna Brown

Shawna has worked for South Whidbey for 4 years and is already our Elementary Head Cook!!

She is not only organized and able to multi-task but she has an amazing attitude while doing it all! I don't know where the Elementary Kitchen would be without her!! She keeps our kitchen super clean and knows most of the students by name.

Shawna is the proud mama of one son, Eli, and a step mother to three more. She is a young, supportive and sassy grandmother to EIGHT little ones as well. Shawna has a heart of gold and is always there when you need her, including her many trips to Port Angeles to watch her grandson play baseball! Shawna is invaluable to our team and we are so very lucky to have her working here.
