*“The Technical Scholars Welding Program allowed my son to not only graduate with a high school degree, but with a welding certificate. It’s a win, win!”*

~ Bill & Amy McKeaige, parents of a former Technical Scholars student

*“The Technical Scholars Welding Program provided me with the skills I needed to place me in the workplace immediately after high school. I am now doing what I love and making a good living.”*

~ Noah McKeaige, Former Advanced Welding Technical Scholars student

# The Technical Scholars Welding Program

Started in Fall of 2014 as a partnership between Horry County Schools (HCS) and Horry-Georgetown Technical College (HGTC), the Technical Scholars Welding Program is designed for high school seniors.

The program consists of 12 semester hours in the fall and 12 semester hours in the spring. Horry County Schools, following the district dual enrollment guidelines, will cover the tuition costs for the fall and spring semesters for those students enrolled in the program. Students who wish to develop their skills further can complete an additional ten semester hours during the summer session and receive an Advanced Welding Technologies Certification from HGTC, but the additional summer session tuition is not covered by HCS.

## PROGRAM ADVANTAGES

- Receive college credit
- Earn an Advanced Welding Certification
- Prepare students for the AWS Certification
- Enhance employment opportunities
- Meet the local demands of industry
- Credit will apply towards the NEW Manufacturing Industrial Technician degree starting Fall 2020

## REQUIRED SCORES FOR ENROLLMENT IN TECHNICAL SCHOLARS WELDING PROGRAM

Required Scores for Enrollment	New SAT		ACT	
	Critical Reading	Math	Reading	Math
<b>Welding</b>	<b>300</b>	<b>350</b>	<b>12</b>	<b>15</b>

If you do not have SAT or ACT scores, your counselor will submit your high school transcript for a Multiple Measure Review.

**English Average** – English 1,2,3 must be 70 or above  
**Math Average** – Algebra 1, Geometry, Algebra 2 must be 70 or above, and students must have a 2.6 unweighted GPA in order to apply.

The welding program is designed to provide entry-level training and practical skills in Oxy-Acetylene cutting and brazing, SMAW (Arc), GMAW (MIG), FCAW (Flux Core) and GTAW (TIG) in ferrous and non-ferrous metals, including purge welding and sanitary process pipe. In addition, this program prepares students for the American Welding Society (AWS) performance certifications. Enrollment is currently limited to 18 students based upon time of application and acceptance by HGTC. Please see your counselor to obtain the Technical Scholars/Dual Enrollment Application booklet.
