

4TH GRADE IS SO LAST YEAR.

WELCOME TO  
5th GRADE!

# The top 5 BEST ways to prepare your upcoming fifth grader for success:

✓ Fact Fluency through 12

📄 Basic Computation

✎ Basic Sentence Structure

📖 Grammar

📋 Independent Work Habits

## Fact Fluency Through 12

- Ability to recall addition, subtraction, multiplication, and division within 3 seconds
- As students begin learning how to compute with decimals and fractions, these basic facts are crucial to their success.
- Ways to help with fact fluency at home:
  - Flashcards
  - Print "Minute Math" sheets at home
  - Online games and Apps

## Math Computation

- Add and subtract multi-digit numbers with regrouping
  - Include regrouping across zeros (ex.  $1,000 - 259$ )
- Multiply up to four digits by a one-digit whole number, and multiply two, two-digit numbers.
  - (ex.  $3,487 \times 8 =$  and  $45 \times 38 =$ )
- Divide a 4-digit whole-number by a one-digit divisor
  - (ex.  $5,284 \div 6 =$ )

## Basic Sentence Structure

- Begins each sentence with a capital letter
- Ends each sentence with correct punctuation
- Capitalizes 'I' and proper nouns within a sentence
- Writes a complete sentence with a subject and predicate
- Writes neatly and legibly with proper spacing between words

# Grammar

- Identifies the following within a sentence:
  - Noun (common and proper)
  - Adjective
  - Verb
  - Preposition
  - Adverb
  - Conjunction

## Independent Work Habits and Responsibilities

- Comes to school prepared with CHARGED laptop every morning
- Has materials for each class
- Has completed homework
- Attempts to problem solve independently before asking for teacher's help
