FCS Innovation Academy, Global Impact and Fulton Academy of Virtual Excellence (FAVE) Students and Athletics at Their Home School

Starting in the fall of 2022, Fulton County Schools will allow the students attending the FCS Innovation Academy, Global Impact, and Fulton Academy of Virtual Excellence (FAVE) to participate in GHSA sanctioned athletics at their original home schools. The high school athletic director at each home school will complete the GHSA MT Eligibility form and submit it to the GHSA.

The students attending the FCS Innovation Academy, Global Impact, and FAVE are responsible for their own transportation to their home school for practices and games.

This policy will go into effect in the fall of 2022, but FCS will allow any football players, cheerleaders, volleyball players, and softball players to participate in spring practices or tryouts.

Cliff Jones

Chief Academic Officer

Fulton County Schools
