Food Service Meal Account Restriction Form

The best way to eliminate extra charges to your student's meal account is to work with your student so they understand what qualifies as a meal and what extras you are allowing. If you would like to add restrictions, please complete the form and return to the Food Service Department

- Each Meal contains 5 components: Meat/Meat Alternative, Grain, Vegetable, Fruit and Milk
- The minimum number of components required is 3 for a reimbursable meal.
- All reimbursable meals must include the selection of at least 1 fruit and or 1 vegetable.
- Students who select fewer than 3 components, or who do not choose a fruit or vegetable will be charged for their selections based on Ala carte prices.
- IT IS IMPORTANT THAT FAMILIES UNDERSTAND FOOD THAT A STUDENT TAKES AND WE MUST REMOVE FROM THE TRAY IS WASTE. PLEASE EDUCATE YOUR STUDENT ON TAKING ONLY WHAT YOU ALLOW.
