

**2018-2021 Instructional Technology Plan - Annually - 2018**

I. District LEA Information

---

**Section I - District LEA Information**

1. **What is the name of the district administrator responsible for entering the Instructional Technology Plan data?**

Richard Wert

2. **What is the title of the district administrator responsible for entering the Instructional Technology Plan data?**

Director of Technology

For help with completing the plan, please visit 2018-2021 ITP Resources for Districts, contact your district's RIC, or email [edtech@nysed.gov](mailto:edtech@nysed.gov).

2018-2021 Instructional Technology Plan - Annually - 2018

II. Strategic Technology Planning

**Section II - Strategic Technology Planning**

1. What is the overall district mission?

The Hyde Park Central School District empowers our community to strive for excellence and embrace the opportunities of our globally connected world.

2. What is the vision statement that guides instructional technology use in the district?

The Hyde Park Central School District ensures a flexible digital literacy environment that is adaptive and responsive, meeting the needs of all learners.

3. List three goals that will drive the attainment of the vision.

	List Goals
Goal 1	Provide appropriate digital learning environments to improve student engagement and performance aligned with learning standards.
Goal 2	Integrate ISTE learning standards into teaching and learning.
Goal 3	Provide digital resources and instruments for administrators, teachers and students.

4. Do you want to list a fourth goal that will drive attainment of the vision?

No

5. Do you want to list a fifth goal that will drive attainment of the vision?

No

6. Summarize the planning process used to develop answers to the Instructional Technology Plan questions and/or your district comprehensive instructional technology plan. Please include the stakeholder groups participating and the outcomes of the instructional technology plan development meetings.

The Instructional Technology Plan was created through a collaborative effort of community members, teachers, Board of Education representative and administrators, under the co-leadership of the Assistant Superintendent for Instruction & Personnel and the Director of Technology. The Committee reviewed current technology integration practices and formalized both short and long-term plans for the ongoing integration of technology and instruction in the Hyde Park Central School District. The instructional technology initiatives have since been incorporated into the District Leadership Team as part of a comprehensive district strategic plan.

7. Please describe the professional development plan for building the capacity of educators and administrators in the attainment of the instructional technology vision.

The District’s professional development plan for educators encompasses includes the following “areas of focus”:

- Ensure 1:1 digital learning access for all students
- Continue to build the infrastructure needed to support on-demand digital learning
- Develop a digital learning culture in the district. Continue to model and build professional capacity to use digital learning as a platform to specifically support the acquisition of the desired student learning skills and attributes.
- Ensure that professional learning goals are aligned with the priority student learning goals and professional capacity needs to create student engagement in a digital learning environment.

8. How will the instructional technology goals be measured and evaluated during and after implementation? Be sure to include any tools or metrics that are part of this evaluation process.

Evaluation of the instructional technology goals is measured using a variety of methods:

- teacher feedback from professional development opportunities
- formal/informal anecdotal evidence from classroom visits and pedagogical discussions
- Review of student digital work, including the authentic problem-solving through the use of a variety of digital resources and presentation methods
- selected student performance measures (NWEA-MAPS, State testing exams, locally developed assessments).

For help with completing the plan, please visit 2018-2021 ITP Resources for Districts, contact your district's RIC, or email edtech@nysed.gov.

II. Strategic Technology Planning

---

2018-2021 Instructional Technology Plan - Annually - 2018

III. Action Plan - Goal 1

**Section III - Action Plan**

**Overview:** This section requires specific action steps that will be taken in order to achieve each of the goals presented in Section II of the plan. Each goal will have its own page in the plan. For this page, copy Goal #1, which you listed in Section II, Question 3, and respond to all questions below.

**1. Goal #1**

**Provide appropriate digital learning environments to improve student engagement and performance aligned with learning standards.**

**2. Select the NYSED goal that best aligns with this district goal.**

2. Provide technology-enhanced, culturally- and linguistically-responsive learning environments to support improved teaching and learning

**3. Target Student Population(s). Check all that apply.**

- All students
- Pre-K-2
- Grades 3-5/6
- Middle School
- High School
- Students with Disabilities
- ELL/MLLs
- Migrant students
- Homeless students
- Economically disadvantaged students
- Students between the ages of 18-21
- Students who are targeted for dropout prevention or credit recovery programs
- Other (please identify in Question 3a, below)

**4. List the action steps that correspond to Goal #1 from your answer to Question 1, above.**

	Action Step - Select one category.	Action Step - Description	Responsible Stakeholder. Select one.	If you selected 'Other' Responsible Stakeholder in the column to the left, please identify here. Otherwise, please write "N/A."	Anticipated month of completion	Anticipated year of completion	Anticipated cost
Action Step 1	Budgeting	<b>Allocation of available funds [district, grant] to support existing technologies through replacement and upgrades, including networking infrastructure, classroom technologies [interactive flat panel televisions], and other resources as identified.</b>	Director of Technology	N/A	June (06)	2021	0
Action Step 2	Purchasing	<b>Purchasing of budgeted items, pending district approval and oversight.</b>	Business Official	N/A	June (06)	2021	1000000
Action Step 3	Implement	<b>Setup and distribution/activation of purchased items for use by district</b>	Director	N/A	June	2021	0

2018-2021 Instructional Technology Plan - Annually - 2018

III. Action Plan - Goal 1

	Action Step - Select one category.	Action Step - Description	Responsible Stakeholder. Select one.	If you selected 'Other' Responsible Stakeholder in the column to the left, please identify here. Otherwise, please write "N/A."	Anticipated month of completion	Anticipated year of completion	Anticipated cost
	Instruction	staff.	of Technology		(06)		
Action Step 4	Professional Development	<b>Through a variety of methods, support student and staff use of procured technology. Methods include traditional workshops, 1:1 support with Model Schools Technology Integration Specialists, and online support tools.</b>	Director of Technology	N/A	June (06)	2021	100000

5. This question is optional.  
 If more action steps are needed, continue to list the action steps that correspond to Goal #1 from your answer to Question 1, above.

	Action Step - Select one category.	Action Step - Description	Responsible Stakeholder. Select one.	If you selected 'Other' Responsible Stakeholder in the column to the left, please identify here.	Anticipated month of completion	Anticipated year of completion	Anticipated cost
Action Step 5	(No Response)	(No Response)	(No Response)	(No Response)	(No Response)	(No Response)	(No Response)
Action Step 6	(No Response)	(No Response)	(No Response)	(No Response)	(No Response)	(No Response)	(No Response)

2018-2021 Instructional Technology Plan - Annually - 2018

**2018-2021 Instructional Technology Plan - Annually - 2018**

## IV. NYSED Initiatives Alignment

**Section IV - NYSED Initiatives Alignment**

1. **Explain how the district use of instructional technology will serve as a part of comprehensive and sustained effort to support rigorous academic standards attainment and performance improvement for students.**

The District plans to use digital connectivity and technology to improve teaching and learning in the following ways that are linked to student performance gaps and ISTE standards:

1. Provide students with multiple and varied formative and summative assessment aligned with content and technology standards and use resulting data to inform instructional design.
2. Provide instruction in a technology-enriched environment that enables students to become active participants in setting goals and assessing their progress over time.
3. Customize and personalize learning activities to address students' diverse learning styles, working strategies and abilities.
4. Engage students in exploring real-world issues and in solving authentic problems.
5. Use critical thinking skills to plan and conduct research, manage projects, solve problems, and make informed decisions.

2. **Students with disabilities may be served through the use of instructional technology as well as assistive technology devices and services to ensure access to and participation in the general curriculum. Describe how instruction is differentiated using technology to support the individualized learning needs of this student group.**

The use of technology to differentiate instruction to support the learning needs of students with disabilities includes the following elements:

- The incorporation of Interactive Flat Panels provides a medium for teachers to bring a wide array of audio-visual elements into their instruction. Through the integrated “casting” technology, teachers will be able to share their computer screens, as well as the screens of specific students with the whole class, providing opportunities for students to visualize a variety of instructional approaches and solutions
- The creation of a digital environment will allow students to experience learning in new ways. Presentation of material, acquisition of knowledge and methods of demonstrating understanding will all be increased and personalized.
- expand student learning inside and outside the classroom;
- Hyde Park teachers have already engaged in “virtual field trips” through the limited technology in place. With the addition of classroom IFPs, each teacher will be able to pursue these opportunities to a greater extent. With integrated microphones and camera, teachers will be able to record lessons and provide links for students to view/review lessons outside the classroom.
- students will have enhanced ability to access online learning solutions, both through the IFP's and through the 1:1 device (Chromebook) initiative. Hyde Park has used online credit recovery tools for several years, and we are contracted with Edgenuity for the 2018-2019 school year. 1:1 devices will provide simpler access for our students to these resources.
- contribute to the reduction of other learning gaps that have been identified within the district:

3. **How does the district utilize technology to address the needs of Students with Disabilities to ensure equitable access to instruction, materials, and assessments? Check all that apply.**

- Class lesson plans, materials, and assignment instructions are available to students and families for 'anytime, anywhere' access (such as through class website or learning management system).
- Direct instruction is recorded and provided for students to access asynchronously (such as through a learning management system or private online video channel).
- Technology is used to provide additional ways to access key content, such as providing videos or other visuals to supplement verbal or written instruction or content.
- Text to speech and/or speech to text software is utilized to provide increased support for comprehension of written or verbal language.
- Assistive technology is utilized.
- Technology is used to increase options for students to demonstrate knowledge and skill.
- Learning games and other interactive software are used to supplement instruction.
- Other (please identify in Question 3a, below)

## 2018-2021 Instructional Technology Plan - Annually - 2018

## IV. NYSED Initiatives Alignment

4. Please select the professional development that will be offered to teachers of Students with Disabilities that will enable them to differentiate learning and to increase their student language and content learning with the use of technology. Check all that apply.

5. How does the district utilize technology to address the needs of English Language Learners/Multilingual Learners to ensure equitable access to instruction, materials, and assessments? Check all that apply.

- Class lesson plans, materials, and assignment instructions are available to students and families for 'anytime, anywhere' access (such as through class website or learning management system)
- Direct instruction is recorded and provided for students to access asynchronously (such as through a learning management system or private online video channel).
- Technology is used to provide additional ways to access key content, such as providing videos or other visuals to supplement verbal or written instruction or content.
- Text to speech and/or speech to text software is utilized to provide increased support for comprehension of written or verbal language.
- Home language dictionaries and translation programs are provided through technology.
- Hardware that supports ELL/MLL student learning, such as home-language keyboards, translation pens, and/or interactive whiteboards, is utilized.
- Technology is used to increase options for students to demonstrate knowledge and skill, such as through the creation of a product or recording of an oral response.
- Learning games and other interactive software are used to supplement instruction.
- Other (please identify, in Question 5a, below)

6. The district's instructional technology plan addresses the needs of English Language Learners/Multilingual learners to ensure equitable access to instruction, materials, and assessments in multiple languages.

Yes

- 6a. If Yes, check one.

In the 15 most spoken languages in the district

- 6b. If 'Other' was selected in 6a, above, please explain here.

(No Response)

**2018-2021 Instructional Technology Plan - Annually - 2018**

## IV. NYSED Initiatives Alignment

7. **Please select the professional development that will be offered to teachers of English language learners/multilingual learners that will enable them to differentiate learning and to increase their student language and content learning with the use of technology. Check all that apply.**

| <input checked="" type="checkbox"/> The power of technology to support language acquisition                 | <input type="checkbox"/> Other (please identify in Question 7a, below)                              |
| <input checked="" type="checkbox"/> Using technology to differentiate instruction in the language classroom |   |

8. **How does the district use instructional technology to facilitate culturally-responsive instruction and learning environments?**

- The district uses instructional technology to strengthen relationships and connections with families to assist in building a culturally responsive learning environment to enhance student learning.
- The district uses instructional technology to facilitate classroom projects that involve the community.
- The district uses instructional technology to develop and organize coherent and relevant units, lessons, and learning tasks that build upon students' cultural backgrounds and experiences.
- The district uses instructional technology to assist in varying teaching approaches to accommodate diverse learning styles and language proficiencies.
- The district uses instructional technology to enable students to communicate and collaborate with students in different schools or districts in New York State, the United States, or with different countries.
- The district uses instructional technology to facilitate collaborative classroom projects among heterogeneous student groups.
- The district does not use instructional technology to facilitate culturally responsive instruction.
- Other (please identify in Question 8a, below)

For help with completing the plan, please visit 2018-2021 ITP Resources for Districts, contact your district's RIC, or email [edtech@nysed.gov](mailto:edtech@nysed.gov).
