PREPARING ALL CHILDREN AS GLOBAL LEARNERS

## ELOP-Expanded Learning Opportunities Program Defined

- “Expanded Learning” means before school, after school, summer, or intersession learning programs that focus on developing the academic, social, emotional, and physical needs and interests of students through hands-on, engaging learning experiences.
- It is the intent of the Legislature that Expanded Learning programs are student-centered, results driven, include community partners, and complement, but do not replicate, learning activities in the regular school day and school year.

## ELOP-Additional CDE Guidance

- An educational and literacy element in which tutoring or homework assistance is provided in one or more of the following areas: language arts, mathematics, history and social science, computer training, or science.
- An educational enrichment element that may include, but need not be limited to, fine arts, career technical education, recreation, physical fitness, and prevention activities.
- Must offer opportunities for nine hours of school per day to all unduplicated students; and provide the program to at least 50% of unduplicated students
- Tk or K programs must adhere to a 12:1 student teacher ratio
- For at least 30 non school days, during intersessional periods, no less than nine hours of in-person expanded learning opportunities per day.

PREPARING ALL CHILDREN AS GLOBAL LEARNERS

# Next Steps and Planning

- **Program Development:** School sites will implement intervention programs and strategies through CORAL and site-based ELO programs through May 2024.
- **Data Review & Educational Partner Feedback:** Pre- and post- student data will be reviewed for all participants to evaluate engagement, participation and impact of acceleration in core academic progress.
- **Streamline of Programs and Update of ELOP Plan:** Review student data to identify programs that best serve the needs of our student population and resulted in student growth and present an updated version of the FMSD ELOP plan to the board to reflect collected data.

An abstract graphic on a dark grey background. It features several stylized arrows and stars in bright colors: orange, blue, green, and yellow. The arrows are of various sizes and orientations, some pointing towards the top right, some towards the bottom right, and some pointing left. The stars are also of various sizes and are scattered throughout the composition. The overall style is modern and energetic.
