

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Windmill Springs School	43-69450-6105795	4/9/2019	6/11/2019

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The Single Plan for Student Achievement (SPSA) is a plan of actions to raise the academic performance of all students. California Education Code sections 41507, 41572, and 64001 and the federal Elementary and Secondary Education Act (ESEA) require each school to consolidate all school plans for programs funded through the ConApp and ESEA Program improvement into the SPSA.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

The Panorama survey was given to families, 3rd-8th grade students, and staff. The students' feelings regarding the school creating a climate of support for academic learning has continued to increase and has reached 79% positive. Students feel they know the rules and norms of the school and that the rules are fair. When it comes to safety, students' feeling of safety at school has decreased by 14%, and with a significant decline in students hearing or seeing bullying on campus. As far as students feeling a sense of belonging and connection to school, it has consistently been at 63% favorable response since 2018. Parents continue to feel Windmill Springs provides a climate of support, positive conditions of learning, and parent engagement at 94% positive. Additionally, staff continues to report an 80% favorable response regarding student engagement. Based on these data it shows a need to increase the social emotional supports for student and to increase activities and practices that support students feeling safe and connected to school.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

In 2021-2022 school year, Windmill Springs' classrooms were focused on creating and maintaining effective and engaging learning environments after a school year of distance learning. Teachers and staff have been trained in restorative practices, specifically providing weekly community circles to build classroom and school communities. Windmill Springs has started their first year in professional development in MTSS and helping classrooms to support social emotional needs, academic needs and behavior needs. Additionally, Windmill Springs' classrooms continued to incorporate "The Leader In Me" process and materials to support social emotional learning as well as academic learning and to continue to promote a positive school culture. Observations were done on a bimonthly basis to observe for engagement and incorporation of "The Leader In Me" and community circles. As the leadership team dove into areas of need and based on observations, they found a need to build cohesion in classroom implementation of classroom meetings and how to support positive classroom dialogues. Additionally, the teaching staff and classified staff have been working collaboratively to review and build understanding around how adults on campus model and support "The Leader In Me" process. Teachers are excited about continuing to align academics, where the school, classroom, and students have cascading goals and where students have leadership notebooks to take ownership of their learning. Based on classroom observations teachers and staff need more support and planning time to work on integrating social emotional learning into all lessons. As a staff in the 22-23 school year we will continue to receive professional development and build our understanding around the MTSS model, specifically looking into our tier one supports for all students.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Three times a year the leadership team and teachers review Star Ren Math and ELA data, NSGRA data, and Lexia Learning Data to review the effectiveness of our instructional strategies and to reflect on professional supports needed. At the same time we set school, grade level, and subgroup goals to support student achievement. The teachers then work in their professional learning communities to create and modify instruction to support student achievement around the goals created. Additionally as a whole staff we met and reviewed data and discussed what is working, what needs to be changed or improved, and what we may need to discontinue. At the end of trimester two, attendance data was reviewed and compared to the year previous to distance learning. Though attendance has gone down due to Covid absences, attendance still continues to be high and supported by teacher, staff, and administration. These data were used to put supports in place to improve student achievement. Teachers continue to increase parent communication via Parent square and helping parents to be involved in their student's achievement.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

As professional learning communities the teachers review individual student achievement using local data and create common formative assessments to show student mastery of standards they have taught. Teachers then use these assessments to modify, reteach, change and/or enhance instruction. During bimonthly PLC meetings teachers worked together to review their assessment data. After reviewing data they work together to create a plan to support students not meeting the standard. Teachers will use check for understanding strategies and tickets out the door provided by the curriculum to monitor the student understanding of the standard. After the supports are put in place the teachers will reassess understanding. Tea

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

All Teachers at Windmill Springs are considered "highly qualified" based on state and district standards.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Teachers have been trained on the District adopted instructional materials for ELA and Mathematics. The three teachers teaching the Vietnamese portion of the the Vietnamese Dual immersion program all hold a BCLAD multi-subject credential in Vietnamese.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

The principal and the Instructional Leadership team work together to provide staff development and data review to set school, grade level, and student goals. In addition the team works on reviewing the data to find the professional needs of the school site. Additionally, the MTSS leadership team has provided professional development to the staff to help support the first year of implementing MTSS.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The principal provides instructional leadership to the school, along with teacher leaders. Additional leadership roles and decisions are administered and made by the schools Instructional Leadership Team and Lighthouse Team. Both comprise of teachers who are excited to move achievement forward. Additionally, Windmill Springs' teachers and staff receive professional development and support for the "Leader In Me" process through a school site consultant. An outside consultant is supporting the six teachers and two paraprofessionals within the Vietnamese Dual Immersion program with content and professional development.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers collaborate with each other horizontally, and vertically, and within the dual immersion program by target language on early release Thursdays. During this time, teacher collaborate to review data and create goals. They then create an instructional plan and strategies to support the goals and student achievement. After planning instruction, teachers will implement the plan then collaboratively review the plan and strategies using a plusses and deltas model. Then they will make modifications and/or create a new plan to implement. Additionally, the Vietnamese Dual Immersion teachers collaborate to create a highly effective, rigorous, and balanced 50/50 immersion model.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

All teachers at Windmill Springs work to provide standards based instruction using the California Common Core Standards, the current curriculum and supplemental materials. All grade levels have been working on integrating the different content areas and aligning the English Language Arts areas with English Language Development.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K-8) (EPC)

Windmill Springs Instructional minutes will be submitted for approval by April 30, 2022

Lesson pacing schedule (K-8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Pacing schedules are created to support teaching of the standards and to build in tier 1, tier 2, and tier 3 instructional time. This is reflected in the daily schedule through small group instruction, guided reading lessons, and direct instruction lessons where teachers pull small groups during the independent part this.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Formal and supplementary curriculum is being used is in alignment with the CCSS.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Windmill Springs uses the District-Adopted standards-aligned instructional materials that are provided.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Teachers use small group instruction to support student intervention within the tier 2 and tier 3 levels. In grades k-3 teachers utilize guided reading to support student achievement. In addition teachers in grades TK-5th grade are utilizing the online program Core5 to support students in Foundational and comprehension skills. In grades 6th-8th they are utilizing the online program Power up to support improved reading and comprehension skills. Some teachers also provide after school intervention services for those students in need. Six teachers are providing additional after school intervention to students that are not at grade level due to a year and half of distance learning.

Evidence-based educational practices to raise student achievement

Franklin McKinley School District has been providing training in utilizing technology to effectively teach the standards through distance learning, training to support teachers in using the online resources the curriculum provides, EL strategies to support ELs during distance learning , and allowing PLC time on Thursdays for collaboration.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Windmill Springs K-8 School provided students with the CORAL during the school day to support engagement and participation. To support social emotional needs of students we have a social worker on campus five days a week as well as Catholic Charities services to support students. The school social worker helps connect families to needed services. In addition, parent workshops were held to help parents support their students during distance learning, how to help students with anxiety and depression, and how to support students with safe internet practices. Windmill Springs Elementary also works with San Jose Police Department and provided a remote parenting class on internet safety.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

At Windmill Springs we encourage parental involvement in all areas. Parents are actively engaged in the School Site Council, ELAC, Principal's coffee for parents, and classroom activities. In addition, due to Covid, we held four remote family engagement nights to promote families feeling connected to school.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

At Windmill we spend our Title 1, LCFF Concentration, and LCFF Supplemental funds on educational supplies to support students in distance learning, professional development to support teachers teaching social emotional learning and to improve distance learning teaching strategies, and other contracted services and equipment agreements (ie: photocopier, etc). We also use funds to support the Leader In Me program to support school improvement. It also helps students to be leaders of self and leaders of others. We held trainings to support teachers in accessing the new online curriculum and supports for the Leader In Me.

Fiscal support (EPC)

A-budget, Title 1 and LCFF monies are spent frugally and in accordance with our school goals.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Parents met on September 9, 2021 for the annual Title 1 meeting.

Teachers reviewed district benchmark data in November 2021 and March 2022.

Teachers reviewed LCAP survey on April 26, 2022.

Parents met on November 19, 2021 and reviewed the school goals for 2021-2022 and the budget that supported the goals.

ELAC met on October 20, 2021 and reviewed the school goals for 2021-2022 and the budget that supported the goals. At the same meeting ELAC reviewed the new goals and how we would like to support the goals.

School Site Council met on March 30, 2022 and reviewed the school goals for 2021-2022 and the budget that supported these goals. Additionally they reviewed benchmark data and completed a needs assessment.

Parents met on April 8, 2022 and reviewed benchmark data and gave feedback on the school needs assessment.

ELAC met on April 26, 2022, and reviewed the school budget and plan for the 2022-2023 School year.

School Site Council met on April 27, 2022 to review the new budget for 22-23 school year.

School Site Council met on April 27, 2022 and reviewed the school plan for the 2022-2023 School year.

The Instructional Leadership Team reviewed the new goals and the budget on April 13, 2022.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Parents and students continue to report the need, for an increase in the amount of extracurricular activities that are provided for students after school compared to other schools who have art, music, and band after school. Parents and staff feel there is an inequity in student achievement based on the number of students who are socioeconomically disadvantaged at Windmill Springs.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	19-20	20-21	21-22	19-20	20-21	21-22
American Indian	0.21%	%	%	1		
African American	1.04%	0.4%	%	5	2	
Asian	48.02%	53.9%	61.17%	231	274	282
Filipino	4.37%	3.5%	3.04%	21	18	14
Hispanic/Latino	40.75%	37.2%	32.32%	196	189	149
Pacific Islander	0.42%	0.4%	%	2	2	
White	2.29%	2.0%	1.52%	11	10	7
Multiple/No Response	2.91%	2.6%	1.95%	14	13	9
Total Enrollment				481	508	461

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	19-20	20-21	21-22
Kindergarten	95	88	75
Grade 1	31	70	66
Grade 2	47	38	67
Grade3	36	47	38
Grade 4	48	36	53
Grade 5	39	52	29
Grade 6	63	37	41
Grade 7	67	72	35
Grade 8	55	68	57
Total Enrollment	481	508	461

Conclusions based on this data:

1. Windmill Springs' enrollment has decreased due to declining enrollment and students participating in Independent Studies.
2. The percent of Asian students is increase while the percent of hispanic students is decreasing. This is due to the addition of the Vietnamese Dual Immersion program.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	19-20	20-21	21-22	19-20	20-21	21-22
English Learners	188	187	225	39.1%	36.8%	48.5
Fluent English Proficient (FEP)	136	107	31	28.3%	21.1%	6.6
Reclassified Fluent English Proficient (RFEP)	21	9	78	14.0%	4.8%	16.8%

Conclusions based on this data:

1. The number of English Language learners has increase due to the Vietnamese Dual Immersion program.

2019-20 Data:

Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year, thus no data is available to report for this year.

Conclusions based on this data:

1. Based on the 21-22 tri 2 local assessment, Star Ren Math trimester 2, 68% of students are meeting or exceeding math standards
2. Based on the local 21-22 assessment data, Star Ren math trimester 2, the percentage of students that are in need of urgent intervention has continued to be 19% of students compared to the 20-21 data.

2019-20 Data:

Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year, thus no data is available to report for this year.

Conclusions based on this data:

1. The majority of English Learners who are in Kindergarten through 1st grade, fall into the expanding area of English Language Development.
2. The majority of English Language Learners are being reclassified by 2nd grade. English language development needs to be increased and focused on for English Learners in the upper grades.

School and Student Performance Data

Student Population

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021.

This section provides information about the school's student population.

2020-21 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
508	71.7	36.8	This is the percent of students whose well-being is the responsibility of a court.
This is the total number of students enrolled.	This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	

2019-20 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	187	36.8
Foster Youth		
Homeless	1	0.2
Socioeconomically Disadvantaged	364	71.7
Students with Disabilities	77	15.2

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	2	0.4
American Indian or Alaska Native		
Asian	274	53.9
Filipino	18	3.5
Hispanic	189	37.2
Two or More Races	13	2.6
Native Hawaiian or Pacific Islander	2	0.4
White	10	2.0

Conclusions based on this data:

1. Based on the 2021 - 2022 school year's data, 66% of students are socioeconomically disadvantaged. With such a high percentage of students falling into this area, we need to make sure we are supporting their social emotional and behavioral needs, so students can access their learning.

School and Student Performance Data

Overall Performance

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

2019 Fall Dashboard Overall Performance for All Students

Academic Performance

English Language Arts

Orange

Mathematics

Orange

Academic Engagement

Chronic Absenteeism

Orange

Conditions & Climate

Suspension Rate

Blue

Conclusions based on this data:

1. Base on current local data, more students are achieving academic proficiency in both Mathematics and English Language Arts.
2. Based on current local data students that fall into chronic absenteeism are also struggling academically.
3. Based on the current local data in both English Language Arts and Math \ the students in need of immediate intervention is not decreasing.

2019 Fall Dashboard English Language Arts Performance by Race/Ethnicity

African American  No Performance Color Less than 11 Students - Data Not Displayed for Privacy 5	American Indian  No Performance Color Less than 11 Students - Data Not Displayed for Privacy 1	Asian  Green 17 points above standard Declined -3.1 points 131	Filipino  No Performance Color 3.4 points below standard 19
Hispanic  Orange 47.2 points below standard Declined -7.2 points 127	Two or More Races  No Performance Color Less than 11 Students - Data Not Displayed for Privacy 7	Pacific Islander  No Performance Color Less than 11 Students - Data Not Displayed for Privacy 3	White  No Performance Color Less than 11 Students - Data Not Displayed for Privacy 4

This section provides a view of Student Assessment Results and other aspects of this school's performance, specifically how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on the Smarter Balanced Summative Assessment, which is taken annually by students in grades 3–8 and grade 11.

2019 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner 78.5 points below standard Declined -6.5 points 57	Reclassified English Learners 4.7 points below standard Declined Significantly -20.5 points 87	English Only 41.7 points below standard Declined -12.1 points 99
--	--	--

Conclusions based on this data:

1. Based on current local data, Students who are reclassified English proficient are achieving and maintaining grade level proficiency when 54% of English Learners are still in need of urgent intervention.
2. Based on the current local assessment, English Language Development professional development is needed to deepen the understanding of how to support English language Learners in achieving English Language Proficiency.
3. Base on current local data, students with disabilities, hispanic students, and students who are socioeconomic disadvantaged are struggling n English language arts

This measure is based on student performance on the Smarter Balanced Summative Assessment, which is taken annually by students in grades 3–8 and grade 11.

2019 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner 86.2 points below standard Declined Significantly -21.3 points 57	Reclassified English Learners 15.2 points below standard Declined Significantly -19.6 points 87	English Only 65.4 points below standard Declined -12 points 99
---	---	--

Conclusions based on this data:

1. Base on current local data, Students who are socioeconomically disadvantaged, students with disabilities, and students who are hispanic are struggling to achieve mathematic proficiency.
2. Base on current local data, there is still an achievement gap between the Hispanic and Asian sub groups, where the Hispanic subgroup is struggling to make gains in mathematics.
3. Based on current local data, English Language Learners are struggling to meet grade level proficiency in mathematics.

School and Student Performance Data

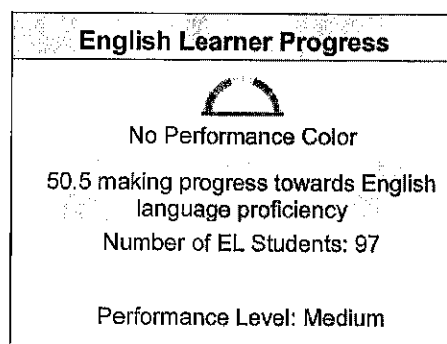

Academic Performance English Learner Progress

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2019 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2019 Fall Dashboard Student English Language Acquisition Results

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
23.7	25.7	2.0	48.4

Conclusions based on this data:

1. Based on current ELPAC data, 54% of students in Kinder, 1st, and 2nd grade are a level 3 or level 4 on the ELPAC as compared to 2018 only 18% were even an level 3\
2. Based on the current ELPAC data and the number of English Learners in the Vietnamese Dual Immersion program, more students are successfully gaining English Language proficiency by 2nd grade.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

The performance levels are color-coded and range from lowest-to-highest performance in the following order:

This section provides number of student groups in each color.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

2019 Fall Dashboard Chronic Absenteeism for All Students/Student Group		
All Students  Orange 6.3 Increased +1 461	English Learners  Green 3.1 Declined -0.8 159	Foster Youth  No Performance Color Less than 11 Students - Data Not Displayed for Privacy 1
Homeless  No Performance Color Less than 11 Students - Data Not Displayed for Privacy 1	Socioeconomically Disadvantaged  Yellow 6.5 Maintained +0.3 310	Students with Disabilities  Yellow 6.6 Maintained 0 61

2019 Fall Dashboard Chronic Absenteeism by Race/Ethnicity

African American  No Performance Color Less than 11 Students - Data Not Displayed for Privacy 8	American Indian  No Performance Color Less than 11 Students - Data Not Displayed for Privacy 1	Asian  Green 1.5 Increased +0.5 199	Filipino  No Performance Color 0 Maintained 0 24
Hispanic  Green 8.2 Declined -0.9 207	Two or More Races  No Performance Color 9.1 Increased +9.1 11	Pacific Islander  No Performance Color Less than 11 Students - Data Not Displayed for Privacy 3	White  No Performance Color Less than 11 Students - Data Not Displayed for Privacy 8

Conclusions based on this data:

1. Based on current data for the 21-22 school year, 22% of students are chronically absent
2. Based on current data for the 21-22 school year, the percent of chronically absent students does not take into account that students are being required to stay home if they have any covid-19 symptoms.
3. Based on the current data for 21-22 school year, 70% of students who are chronically absent are also social-economically disadvantaged.

School and Student Performance Data

Conditions & Climate Suspension Rate

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

The performance levels are color-coded and range from lowest-to-highest performance in the following order:

This section provides number of student groups in each color.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

2019 Fall Dashboard Suspension Rate for All Students/Student Group		
All Students  Blue 0.2 Declined Significantly -2.1 477	English Learners  Blue 0 Declined Significantly -1.1 162	Foster Youth  No Performance Color Less than 11 Students - Data Not 1
Homeless  No Performance Color Less than 11 Students - Data Not 2	Socioeconomically Disadvantaged  Blue 0.3 Declined Significantly -2.4 317	Students with Disabilities  Blue 0 Maintained 0 62

2019 Fall Dashboard Suspension Rate by Race/Ethnicity

African American  No Performance Color Less than 11 Students - Data 8	American Indian  No Performance Color Less than 11 Students - Data 1	Asian  Blue 0 Declined -0.9 207	Filipino  No Performance Color 0 Declined -4.3 25
Hispanic  Blue 0 Declined Significantly -3.5 214	Two or More Races  No Performance Color 0 Maintained 0 11	Pacific Islander  No Performance Color Less than 11 Students - Data 3	White  No Performance Color Less than 11 Students - Data 8

This section provides a view of the percentage of students who were suspended.

2019 Fall Dashboard Suspension Rate by Year

2017	2018	2019
	2.3	0.2

Conclusions based on this data:

1. During the 20-21 school year due to distance learning and covid-19 there were no suspensions.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

Achievement for All: With equity at the core, FMSD will increase the level of success for all students while addressing learning gaps.

Goal 1

WMS: The number of students in grades 3rd through 8th meeting or exceeding grade level percentile ranking of 40th percentile or higher in English Language Arts will grow from 60% to 68% by the end of the 2022-2023 school year, as measured by the trimester 2 Star Ren ELA. The number of students in grades 3rd through 8th meeting or exceeding grade level standards in Mathematics will grow from 68% to 75% by the end of the 2022-2023 school year, as measured by the trimester 2 Star Ren Math.

Identified Need

Students are still struggling with grasping standards both in mathematics and English language arts. 2nd and 3rd grade teachers need professional development in teaching phonics to students who are not reading at grade level. Teachers and staff need work on building a cohesive school and classroom culture to help decrease behavior concerns, based on classroom observation, teacher and student feedback, and a root-cause analysis done by the leadership team

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Trimester 2 Star Ren English Language Arts percentile results	60% of students are meeting or exceeding grade level percentile proficiency ranking. 26% of students are in the urgent intervention percentile rank.	The percent of student meeting or exceeding grade level proficiency percentile. will grow from 60% to 68%. The percent of students falling into the urgent intervention percentile ranking will decrease from 26% to 20%.
Trimester 2 Star Ren Math percentile results	68% of student are are meeting or exceeding grade level percentile proficiency ranking. 20% of students are in the urgent intervention percentile rank.	The percent of student meeting or exceeding grade level proficiency percentile will grow from 68% to 75%. The percent of students falling into the urgent intervention percentile ranking will decrease from 20% to 15%.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

Strategy/Activity

Teachers will have a grade level planning release day 3 times a year. Teachers will create a year long plan with action steps to support students in tier 1: behaviorally, academically, and social emotionally. This time will include teacher release time to observe exemplar lessons and teaching strategies to support their instructional growth in tier one supports.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

5950

Source(s)

LCFF Supplemental

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students with a special focus on English Language Learners

Strategy/Activity

Classroom materials and office supplies to support teacher professional development, planning, collaboration, student instruction, student assessment and assessment plans, and teaching strategies.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Due to the social emotional needs of the students after a year and a half of distance learning, some strategies needed to be modified and put on hold. Some monies needed to be moved to goal 2 to support the social emotional needs of students with the support of school site council. The addition of culturally relevant books to classroom libraries helped to increased students' amount of reading. Due to Covid-19 much of the money set aside to support substitutes for teacher planning, meetings, and parent meetings was not used, due to a lack of substitutes. The Lighthouse team continued to provide leadership for the teachers and to work with the Leader In Me coach to improve school culture and implementation of the Leader In Me process. The addition of the MTSS leadership team also helped to support teacher and staff professional development in understanding the multitiered system of supports.. Classrooms and student continued to set and monitor academic and personal goals. Students enjoyed the increased access to the supplemental science materials and magazines. Due to covid, field trips were put on hold for the first eight months of the year, we were able to bring in organizations to support hands on activities with in the classroom to support supplemental learning. Students have continued to grow academically and surpassed our end of the year goals for the 2021-2022 school year.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

A large amount of budgeted expenditures for planning, SSTs, IEPs was not used because subs were not needed due to Covid safety measures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The Lighthouse team and the MTSS team will work together to set a year long plan for implementation, monitoring, reflection, and professional development around the MTSS process and setting school, grade level, and student goals in academics, social emotional growth, and behavioral growth. Additionally, the MTSS team will continue to receive professional development

as a team support staff on how to facilitate an effective classroom meeting and how to incorporate the 7 habits into your daily teachings. The SST meeting structure will be updated and SST meeting dates will be set to ensure SSTs are being held and followed up on to support implementation of interventions. During our beginning year planning teacher will work Grade level planning days will be scheduled before the first day of school and subs will be secured months ahead of time to ensure the availability of subs. We will secure one sub for every Monday to ensure subs are available for IEPs and SSTs. To help students be reflective on their learning and their own academic growth, leadership notebooks will be implemented school wide and celebrations will be held around individual student growth as well as grade level and school wide growth.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

Positive School Environment, Climate, and Culture: Support the physical, mental, and social well-being of all students and staff by establishing systems and creating a safe, welcoming and inclusive environment that allows students to participate fully in learning and the school community.

Goal 2

WMS: Students responding favorably to "I feel safe talking about my feelings and ideas in my class." will increase from 32% to 40% as reported on the 22-23 LCAP survey. Additionally, students responding favorably to "Do you feel people care about you at school?" will increase from 52% to 60% as reported on the 22-23 LCAP survey.

Identified Need

68% of students are reporting that they either never or only some of the time feel safe to talk about their feelings and ideas in their class. Additionally, 48% of students are reporting that either never or only some of the time they feel people care about them at school.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
2021-2022 Panorama Student survey about school.	<p>32% of all 3rd- 8th students report feeling safe to talk about their feelings and ideas in their class.</p> <p>27% of all 3rd- 8th students report they never feel safe to talk about their feelings and ideas in their class.</p> <p>52% of all 3rd-8th students feel people care about them at school.</p> <p>19% of all 3rd-8th students never feel people care about them at school.</p>	<p>40% of all 3rd - 8th students report feeling safe to talk about their feelings and ideas in their class.</p> <p>20% of all 3rd- 8th students report they never feel safe to talk about their feelings and ideas in their class..</p> <p>60% of all 3rd-8th students feel people care about them at school.</p> <p>6% of all 3rd-8th students never feel people care about them at school.</p>

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Leader In Me was implemented and lessons were taught weekly. Additionally, teachers used the Leader In Me materials and process to support the Social Emotional morning time daily. Staff meetings and collaboration focused on implementing indirect lessons throughout the day. Due to the vast need for social emotional development, and continued review of lessons and building communities, some strategies were not implemented for the 21-22 school year. The social worker being on campus five days a week was highly effective to support the increase social emotional needs of students. Little Heroes was not implemented successfully due to two different coaches that needed continual support and left the campus due to ineffectiveness. There was no Little Heroes coach for the last two and a half months of school. San Jose Jazz continued music and jazz.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Due to the absence of a Little Heroes coach for about four months of the school year, some of these monies were not spent. Due to the lack of student sign ups, the after school theater program was canceled.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Little Heroes will be implemented from the first day of school to support structure and routine during unstructured times. Furthermore, action team meetings will be used to support building a consistent school and classroom culture. Instead of supporting an after school theater program, we will bring a theater class to all classes for six weeks during the school year along with 8 weeks of visual arts.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

Family and Community Engagement: FMSD will fully engage parents/guardians and community members in support of educational outcomes for all students.

Goal 3

The amount of parents who have participated in school activities other than parent-teacher conferences this year will increase from 74% to 80% by the end of the 2022-2023 school year as measured by the Family LCAP survey. Additionally, increase the family survey response from 58 families to 200 families as measured by the 2022-2023 Family Panorama survey.

Identified Need

Parent meetings and parent engagement classes are only being attended by a small number of parents. Parents have stated that they don't know what is going on at school or how they can support the school and their students.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Panorama Family Survey	74% of parents reported participating in school activities other than parent-teacher conferences this year. 58 families responded to the Panorama Family Survey	80% of parents report attending 2 or more school activities. 200 families will respond to the Panorama Family Survey

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Due to Covid-19 safety guidelines, parents were not allowed to be on campus unless in small groups away from students. During the last three months of school we were able to have in person parent meetings with 50 parents. When we started having in person meetings we had 40+ parents attending and responding to our engagement activities. Additionally, the use of zoom made it easier for parents to freely attend important meetings: IEPs, SSTs, parent conferences, and attendance meetings. The districts implementation of the app Parent square helped in parent communication with families that liked and utilized technology. Parents really liked the added family nights.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Due to covid-19 safety measures, most meetings were held virtual and babysitting was not needed.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

For the 22-23 school year an increase in budget for family engagement events has been created to encourage the growth of family engagement and school connectedness. In the 21-22 school year we continued fun family nights such as Bingo Night and Art night, we will continue these in the 22-23 school year, either virtually or in person based on safety guidelines. We will continue to provide parent meetings both virtually and in person. The virtual accessibility has increased the number of parents who can attend meetings. A parent town hall will be held in all 3 languages before the first day of school to parents to be informed and to give them an opportunity to ask questions regarding their students safety and learning when coming back to campus. Parent coffees will be held in person in the am and an additional meeting will be held virtually in the pm to increase parent attendance and feeling informed. Teachers will continue to connect with all families at the beginning of the year either through, phone, email, or a parent communication application. Based on the the number of families that did not respond to events and surveys, we will bring back sending home paper copies of flyers as well as sending them virtually.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$
Total Federal Funds Provided to the School from the LEA for CSI	\$
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$182,902.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$27,464.00

Subtotal of additional federal funds included for this school: \$27,464.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
	\$0.00
General Fund	\$27,320.00
LCFF Concentration	\$33,894.00
LCFF Supplemental	\$94,224.00

Subtotal of state or local funds included for this school: \$155,438.00

Total of federal, state, and/or local funds for this school: \$182,902.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Becky Roussin - Principal	Principal
Loari Bioletto	Classroom Teacher
Kendra Johnson Moore	Classroom Teacher
Quy Pham	Classroom Teacher
Trina Nguyen	Other School Staff
Veronica Lopez	Parent or Community Member
Hanh Le	Parent or Community Member
Priscilla Gonzales	Parent or Community Member
Thao Le	Parent or Community Member
Ngoc Pham	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

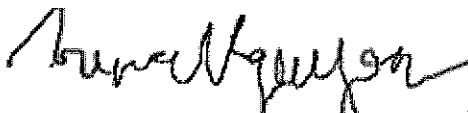

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/3/2021.

Attested:

Principal, Becky Roussin on 5/10/2021

SSC Chairperson, Trina Nguyen on 5/3/2021
